## OIL WILL SOLVE GREASE PROBLEM FOR ALBERTANS

Railway Men and Park Superintendent Predict Its Use on Roads.

### ROMANTIC ROUTE OF C. N. TRAINS NEXT YEAR

Will Run Through Most Important Cities of Canada, Past and Present.

"No dust, no smoke, no grease, no dirt," may be the rule when travelling on western Canada's railway in the not distant future. If oil be found in Alberta in large and permanent quantities it is believed that the Canadian Northern at least will use oil to make its road bed dustless, smokeless and a joy to travel on.

In some of the states the railways not only use oil for their engines, but use it along their tracks to lay the dust and go a little further toward making life in the twentieth century one long round of joy and pleasure, especially when one is traveling on the observation car of a fast and modern passenger train.

"I don't think there is any doubt that the Canadian Northern and the other railways in the west will eventually run their trains, through the mountains at least, with oil as fuel," stated Robert Creelman, general passenger agent of the Canadian Northern railway, at the city ticket offices of the company this morning. "If the Alberta fields prove to be large and permanent ones, the roads will also, perhaps, use oil on their road beds as they do in some of the states. They will thus be able to give travellers the very latest and best that the science of passenger traffic can afford.

"The Canadian Northern will not run its trains from Winnipeg to Toronto, but from Edmonton to Toronto, and that very soon now, I believe," answered Mr. Creelman when queried regarding that point. "Next year we hope to run passenger trains across the continent from Quebec, the ancient capital of the dominion, and present capital of that province; through Montreal, another one-time capital; Ottawa, the dominion capital; Toronto, the capital of Ontario and the location of our head offices; Winnipeg, Manitoba's capital; Regina, the capital of Saskatchewan and the old capital of the northwest territories; Edmonton, the capital of Alberta, and through Vancouver and New Westminster, once the capital of British Columbia, to Victoria, the present capital of the Pacific province. That will be the route of the "Capital Cities Express."

Yes, I have heard that Standard Oil interests have taken up oil leases in the Pirch Lake district, on the C. N. R. and from what I understand I believe indications there are as good as any place in Alberta. Whether there is oil there or not, however, Birch lake is a splendid summer resort location.

Next summer we will probably be giving summer resorters of Edmonton service to Lac Ste. Anne, on our main line west. At present reports are that the people of your city are taking full advantage of our Saturday afternoon trains to St. Albert, the Canoe club headquarters."

Mr. Creelman has come to the city from Calgary, accompanied by W. C. Mair, superintendent of the Canadian Northern express and telegraphs; and William Stapleton, district passenger agent at Saskatoon. They will likely go east tonight.

Today they met Colonel S. Maynard Rogers, superintendent of the Jasper National park, the whole party being guests at the King Edward hotel. Colonel Rogers stated this morning that the dominion government would no doubt use oil on its roads through Jasper park, which is becoming such a favorite resort during the summer, people coming from all over the continent and even Europe to spend a few days there.

**Sells Estate for Half Million.**

London, July 10.—Lord Wimborne, who brought back the polo cup from America, has just sold his Cardiff estate in South Wales for $500,000.

## FIRST WOMAN SURGEON TAKES UP DUTIES IN BIG CITY HOSPITAL

DR. MARGARET SULLIVAN.

New York, July 10.—Dr. Margaret Sullivan, the first woman surgeon ever appointed for city hospital work at the Jersey City hospital, appointed by Mayor Mark M. Fagan and the hospital board one night last week, is now one of the staff at the hospital, and making daily visits and performing surgical work that heretofore was performed by male doctors.

Dr. Sullivan is president of the Child Welfare association. She now has full charge of all cases in the female wards of the city hospital. Dr. Sullivan, by virtue of her office, which is not a salaried one, she giving her services free, is a member of the medical board of the hospital.

Before her appointment was laid before the trustees, Dr. Sullivan was examined by Dr. Henry Spence, of the board of trustees, as to her ability. She passed the examination with high honors. Dr. Sullivan has long had charge of a clinic for children in a New York hospital.

## ENGLISH TEAM TO PLAY STATES IN DAVIS TENNIS

London, July 10.—The Allengland Tennis association today selected the British team to go to the United States to play for the Dwight F. Davis international lawn tennis trophy in case Great Britain should defeat France in the preliminary round at Wimbledon which begins tomorrow.

The four me n composing the team are: James C. Parke, Irish and Scottish champion; A. W. Mavrogordate an old Oxford "Blue"; A. H. Lowe, a streng tournament player, and Lt. Algernon R. Kingscote, of the British army.

Parke and Lowe will play the single matches and Parke and Mavrogordate the doubles.

## BOTH THE PARTIES IN MANITOBA ARE GETTING OUT VOTE

Winnipeg, July 10.—Both parties are getting the vote to the poll early today all over the province, and no less than fifty per cent. of the registered voters had cast their votes in the city of Winnipeg before noon. From Brandon comes the report that nearly forty-five per cent. of the electors had marked their ballots before the noon hour was reached.

**Lord Seymour for Alberta.**

Ottawa, July 10.—Lord Seymour has been appointed head of the remount department. Recently a tract of land was reserved in Alberta for the breeding of half bred horses suitable for army remounts.

## STANDARD SENDS REPRESENTATIVES TO THE PROVINCE

Edmontonian Acquainted With Rockefeller Interests in U.S. Says 87 Here.

### NEGOTIATE TO BEGIN DRILLING NEAR CLYDE

Go North With Geologist and Engineer of the Balmoral Syndicate.

Unknown to the general public, but probably the most significant angle which the oil situation in Alberta has yet taken, is the fact that there has been, during the last few weeks, a most remarkable and very extensive influx into the province of men connected with the Standard oil and other large oil interests in the United States.

It was stated yesterday by a citizen of Edmonton who in the United States was formerly personally acquainted with some of the chemists and other experts of the Standard that there is now known to be no less than 87 men in Alberta who are connected with the "oil octopus," the great organization which practically controls the oil fields and oil industry in the States.

Although most of the activity, as far as stock selling and company organization is concerned, has so far been in the districts surrounding Calgary, most of these Standard oil men have not been there, but in the various oil districts surrounding Edmonton. Three different oil organizations in the western states are now negotiating with the owners of leases in the district just west of Clyde, with a view to commencing to drill.

**To Look Over Ground**

Representatives from these three organizations have been in the city for the past few days, and left on the Athabasca train for Clyde this morning. They will look over the ground, in company with an engineer and geologist of the Balmoral syndicate, the owner of the leases, and report to their head offices, after testing the samples of oil and scrutinizing in detail the whole lay-out.

One of the reasons given for the faith of the Americans in the district is that a geologist has reported that a section of the syndicate's holdings is located at the intersection of two anticlines, between the Nakamun and Ross-Shillington fields. The Balmoral syndicate is composed of Edmonton business men. They have not organized a stock company and have, therefore, no stock to offer the public. One of the members, when questioned last night, stated that if the two drilling outfits which they expect to have on the ground within the next two weeks, are secured in that time, some of the leases may be offered for sale.

In some fields in the United States and other oil countries, derricks are almost as thick on the ground as they can be placed together, so that it is not hard to see that should the amount of oil be large enough, even one quarter section would hold probably enough under it to make profits for any ordinary company.

M. J. Hilton, a geologist, has reported on the holdings of the Balmoral syndicate, in part as follows:

**Report of the Geologist.**

"Acting upon instructions received from your engineer I herewith submit my report on the possibility of taking oil leases in the vicinity of the town of Clyde, Alta.

"We started from Clyde and visited the farm of Mr. Nelson, situated west of Clyde, where we had information that a tar seepage had been found in a well sunk on this farm whilst digging for water some few years ago.

"On arrival at the farm we found that this well had been abandoned owing to the fact that no water was struck and that the well had been filled in.

"Arrangements were made for the sinking of a new well a few feet away from the old one, in the hope of testing this statement.

"The well was sunk to a depth of 20 feet and immediately under a bluish clay, in a sandy bed, the tar seepage was found samples of which were brought to Edmonton and are herewith submitted.

"A rig was hired and we drove about the district in order to obtain an idea as to the general law of the country.

"The time at our disposal was so limited and the state of the roads was so bad, consequent on the recent heavy rainfall, that we found it very difficult to get around.

**On Top of a Dome.**

"However, I am of the opinion that section eight in the aforementioned township is on the top of a good-sized anticlinal dome, and from further information derived from maps I am of the opinion that the sections I advise leasing are on the same anticlinal fold as the Nakamun and Shillington-Ross oil claims.

"As you will observe on consulting the government maps of this district, the sections I advise filing on form part of the watershed dividing the waters flowing into the Pembina river on the west, the Athabasca river on the north, and the Saskatchewan river on the east, and, in the absence of any exposure of the underlying strata, I believe from these facts that the sections in question are situated on an anticlinal dome, and that the conditions are, from the surface indications and general appearance of the country together with the information derived from the drilling operations at the Nalamun well and the exposures reported by the geological survey along the Athabasca river to the north, that you have good possibilities of an oil discovery when boring is undertaken.

(Sgd.) "M. J. HILTON,
"Geologist and Assayer."

## OIL WILL BECOME GREAT INDUSTRY HERE IS BELIEF

Local Contractors Buy Large Block Maritime Stock—Grattan is Active—People's Exchange Opens

Some prices at the Calgary exchange, furnished by the Capital City stock exchange, Edmonton, this morning, were:

Alberta Petroleum, 24; Acme, 14½; Black Diamond No. 1, 4.00; Fidelity, 22; Dingman, 83.50; Dome, 55; Okotoks, 22½; Prudential, 1.00; Piedmont, 21; Union Pacific, 35; United, 12.50; Sunbeam, 14; Stokes Stephens, 33, and Western Pacific, 1.95.

The filing by California oil men on as much land as they could get immediately surrounding the holdings of the Maritime Petroleum company has had the effect of increasing the demand for still more land in the district south of the city and east of Leduc, and also for stock in the Maritime.

Yesterday two well known contractors of the city came to the head office of that company, 8 Victoria block, and purchased a large block of stock, stated to be the largest single block bought since the present oil developments began in Alberta. They explained that they had investigated all the fields to the best of their ability, and had come to the conclusion that in the Maritime field, close in to the city, were surest indications of oil. It is on the anticline running from near Irma where oil was struck yesterday.

Many other blocks of stock were sold yesterday in that company and it was stated at the head office this morning that practically all of the first issue has been sold. A large number of Saskatoon people have become interested in the Maritime and a wire was received this morning from Prince George for a block.

The Grattan Oil company, which has a drill on the ground in the district near Irma, where the oil discovery was reported yesterday, is also very active today. Leases were filed on by the score in that district yesterday and this morning; in fact, it is hard to get one very close in at present.

The Edmonton branch of the People's exchange held its opening session yesterday afternoon, but it is announced that the real, formal opening will not take place till Saturday afternoon. The Empire auditorium, in which the exchange is situated, was crowded with buyers, sellers, traders and lookers-on and it seemed as though some public function were taking place, with all other places in the city closed.

W. M. Feeny, who is in charge of the pit at the new exchange, gave perfect satisfaction, and it was remarked by several that his clear voice and the clean, clear-cut and distinct manner in which he sells for the brokers, is a feature which should make the exchange worthy the support of the brokers, even when trading is the most exciting.

There now seems no doubt that Edmonton is the center of oil fields which are going to become an important factor in the industrial and commercial life of the nation; if not, indeed, the british empire and the world. Of course, no one is absolutely sure as to where the largest permanent flow will be struck, but practically everybody seems to have absolute confidence in the eventual discovery of one or more large oil fields in central and northern Alberta, which will, as an industry, be perhaps, second only to agriculture in significance to the province.

## HIGH PERCENTAGE ALCOHOL FOUND IN CHINESE SPIRITS

The police court this morning was transformed into a veritable Chinatown, when nearly 50 Chinamen, caught in the raid at the corner of Namayo avenue and Rice street some 10 days ago, appeared for hearing. Chinese liquor and Chinese gaming boards were much in evidence, also several dozen packages of playing cards.

The exhibits included five cases marked, 50 glass bottles Chinese spirits, four boxes of various sized bottles, one box of stone liquor jars, eight square gaming boards and other Chinese trinkets.

The hearing of evidence in all these cases will probably take two whole days at least, as the court is still on the first case. The provincial analyst after examining the contents of some of the bottles, swore that some of them contained as high as 47.80 per cent. alcohol.

A Chinese interpreter has been brought from Calgary for the case

## CITIZENS OF IRMA CONFIDENT LARGE OIL BODY EXISTS

Yesterday's Strike on Wallace Ranch, Section 12, Township 47, Range 11.

### PEOPLE OF DISTRICT FILE ON BIG AREAS

Company Has Drill on Ground —Believed Heavy Flow 650 Feet Down.

**(Special to the Capital)**

Irma, July 10.—The people of this town and district are very much excited over yesterday's oil discovery at a well being dug for water by Woods and Merry on the Wallace ranch, section 21, township 47, range 11, west of the fourth meridian, which is about 18 miles northwest of this place. The men first began to bore a well, but the sand rock was so hard at 85 feet that the augar could not go through it and a drill had to be used. Oil is mixed with all the mud taken up by the baler and at 100 feet it was thicker than at 85. The Grattan Oil company has a drill on the ground to begin work on its property near this town. Edmonton men are at the head of that company. Many local people have taken out leases in the vicinity of the new strike, as it is believed that it is but a seepage from a big body of oil below. It is said that the anticline which runs northwest from a point near here, is about 650 feet below the surface here and about 850 at Birch lake. Everybody here is confident that the heaviest body of oil in Alberta will be found in this district at about that depth, and the fact that men, some of them said to be connected with the Standard oil interests, have been cruising up and down these districts for the past few weeks serves to increase their confidence and interest.

**All Volcanoes Active.**

Seward, Alaska, July 10.—All the volcanoes along the Alaskan peninsula west of Seward to the Aluitan island are in action, according to a report brought by Captain McMullen of the steamship Dirigo, which arrived yesterday from Dutch Harbor.

## YOUNG GIRL ON STAND TELLS OF "PROTECTION"

Startling Testimony Given by Hilda Holte Who Escaped From Convent.

### "COULD ALWAYS FIX IT UP WITH ALLEN"

States George Nicholson Said That to Her When Took Her to St. Regis.

Today is expected to see the conclusion of the evidence being given at the police investigation.

The closing stages were not without sensations.

Hilda Holte, a very attractive young girl, told of her escape from the Convent of the Good Shepherd with Daphne Lillavoe and their being maintained by a man named Braley, known as "Slim" in houses on the South Side.

Witness said a man named George Nicholson had taken her to the St. Regis hotel with the knowledge of Manager Allen. She said that Nicholson told her he could always "fix it up with Allen," that he (Nicholson) was on good terms with Chief Lancey and that he knew of a number of women who were paying protection and not being touched. Nicholson told her that the women paid $100 per month to Chief Lancey.

Mayor McNamara occupied the stand for some time this morning replying to statements concerning himself made by witnesses at the inquiry during his absence in the east. The mayor denied absolutely that a policy of toleration for houses of ill-fame was ever agreed upon by himself and any of the aldermen, and affirmed that the dismissal of Chief Carpenter was not in any way the result of a "political caucus." He denied flatly Chief Lancey's statement that he (the mayor) had approached Lancey to see if he would take his old job, or that he ever gave Lancey reason to believe he was in favor of houses being allowed to run.

"The evidence Mr. Lancey gave was deliberately false?" asked O. M. Biggar, examining counsel.

"Yes, absolutely. He is wrong in having any such understanding and knows he is wrong," replied the mayor, emphatically.

Justice Scott presided at the police investigation which reamed today.

Mr. Biggar announced at the opening of the court that he desired to give an opportunity for property owners mentioned in the list supplied by the city building inspector and city assessor, giving names and addresses of owners of certain property which during the past two years has been used at some time or other as houses of prostitution.

The list was read out in court, to allow of any persons present, whose names were mentioned, to give evidence.

F. W. Rolt, a retired Englishman, who was represented by G. Henwood, barrister, went into the box and swore that he had never owned any house on the property described.

Mr. Rolt said that a nasty charge had been made against him owing to the list being published in some of the newspapers and he thought that evidence should be given to the fact that his name being connected with the matter was a mistake.

Mr. Biggar said the city building inspector would give evidence, stating that the connection of Mr. Rolt's name with the list was a mistake.

Mr. Nankin and S. W. Candy appeared to state that they knew absolutely nothing of premises belonging to them being used as houses of prostitution.

A story of the loss of $250 in a First street shooting gallery was told by a French Canadian named John Couture. He said that whilst standing outside the employment office which formerly existed at the northwest corner of First and Athabasca a man of-

Room 407 Civic Block.

## Notice

Notice is hereby given that pursuant to Part XI., Section 506 of the Edmonton Charter, the Municipal Council of the City of Edmonton proposes to pass a By-law for the closing of a certain highway in the said City of Edmonton, said highway being that part of the East and West line in Block 145 Garneau, as said lane is shown on Plan 5550-AH, that lies between the easterly limit of 110th Street and the westerly limit of the lane West of 109th Street as said last mentioned lane is shown on Plan 5000-AQ, both of said plans being of record in the Land Titles Office for the North Alberta Land Registration District; and for the selling, leasing or holding of the same as the Municipal Council of the said City may deem meet.

DATED at Edmonton, this 8th day of July A.D., 1914.

Signed,
CHAS. ED. K. COX,
City Clerk.

# MAYOR M'NAMARA ISSUES WARNING AGAINST DELAY

**Procrastination in Dealing With Offer of Lloyd's, London, to Take $4,000,000 Worth of Treasury Bills May Mean Costly Thing for City, He Says—Rate of Four and One-Half Per Cent Exceptionally Low, and May Not Recur.**

In face of Mayor McNamara's warning that the offer of the Imperial Bank, acting as agents for the city, to buy $4,000,000 worth of treasury notes issued by the city and bearing interest at the exceptionally low rate of 4½ per cent should be snapped up at once, otherwise a change in the situation might occur which would possibly cost the city thousands of dollars for a few hours' delay, Aldermen Smith and Calder at last night's council meeting raised objection to the selling of treasury notes and insisted that debentures should be sold.

The mayor explained that the offer of 94 for the city debenture had been made by Lloyds' London, but that it was considered better to wait for a more favorable turn in the market and finance for the present on treasury bills.

Owing to the opposition raised by these aldermen and their demand for ocular proof of the offers referred to the council by the mayor, as finance commissioner, Alderman Clarke moved that the council adjourn till 12 o'clock, noon on Saturday, in order that Manager Kirkpatrick of the Imperial Bank might be present to confirm the offer in person.

**Mayor's Statement.**

Mayor McNamara, as finance commissioner, submitted the following report to the council:

Re city finances:—"I beg to report to your honorable body that after consultation with the general manager of the Imperial bank in Toronto, we came to the conclusion that instead of disposing of our debenture issue at the present time it would be in the best interest of the city in every way to issue treasury notes for our requirements. The bank is able to offer us a rate of 4½ to 4¾ per cent. for treasury notes at six months. The notes would be dated August 1, 1914, and mature February 1, 1915.

"Our present requirements are now in the neighborhood of four million dollars. The bank is willing to negotiate these notes at the above rate of interest, provided immediate action is taken by council. You will observe that the amount proposed to be issued is four million dollars and not three million dollars as stated to the finance committee, and as contained in that committee's report, the difference being accounted for by the fact that one treasury note to the amount of one million dollars was issued during my absence on previous arrangement, and one million dollars of the new issue will be utilized in retiring this note, which was discounted at six per cent. for three months, due October 1. This note will be taken up and rebated pro rata as to the time and the city will thus save the difference between the six per cent. and the four and one half per cent. rate for two-thirds of the period of the note.

"I might mention that there is a note which was issued early in the year and which falls due August 1. The position will therefore be, that the city will issue four million dollars in 4½ per cent. notes, retiring two million dollars in six per cent. notes, the remaining two million dollars being available for purposes mentioned in the bylaw which is now submitted to your honorable body."

**Campbell Moves Adoption.**

The finance committee recommended that the report of the mayor should be adopted.

Ald. Campbell, whilst regretting that circumstances did not permit of the city placing debentures on a favorable market, thought that the proposal of the finance commissioner was the best course to pursue at the present time and he moved the adoption of the report, which was seconded by Alderman East.

Aldermen Smith and Calder both criticized the council's position and Ald. Smith claimed that the report of the finance commissioner was an admission that they could not get the money needed for the city administration and carrying out their program.

**Considerable Saving.**

The mayor said that they should take advantage of the offer, which was at a lower rate of interest than the province was paying. He added:

"It is not impossible to sell debentures; it is a matter of policy that we should not sell them at the present time. If we sell at 94 there would be a loss of six points and on four millions that would be practically $240,000. Supposing in the fall when our utilities are paying better and this fact being known to the bond holders that we would get 96. That would be $80,000. Alderman Smith is trying to make capital out on the ground that we are not able to sell; that is not so. This is an urgent case to take advantage of a very low rate of interest and I certainly would not like to take the responsibility of turning down this offer."

Alderman Calder raised objections and thought they should not leave a debt for the next year's council to grapple with.

**"Business" Men.**

Ald. Clarke: I object to any further possibility of misrepresentation of the action of this council on any matter whatsoever, or a copy of the telegram is not here. I say we should adjourn to get it. We could meet here at 12 o'clock on Saturday and have the manager of the Imperial bank here. No matter how bona fide the members of the council may be in their statements here tonight, there are going to be people outside who will be deceived. I want to say that if the people who claim to be leading business men and bankers of the city of Edmonton are prepared to say that we should sacrifice $240,000, that is, accept 94 or 94½ or 95, that my financial liability is so small and will always remain so small that I am prepared to accept their proposition and put that much additional taxes on their shoulders.

**Mayor's Warning.**

The motion by Ald. Clarke to adjourn till Saturday was seconded by Ald. Douglas.

The mayor, in putting the motion to the vote, said:

I think you are making a very serious step. This should have been accepted in Toronto, but I had no power to act. If there is any failure in the negotiations you will understand that it is up to the council. It is due to the fact that you have not taken advantage of the offer. I think the advice of the general manager of the bank, who had himself absolutely no financial interest in the matter, is really good advice.

The motion was carried.

## COUNCIL DECIDES ADHERE STRICTLY BUILDING BYLAWS

In regard to the permission asked for by Hugh McPhee to move a frame building from the corner of Sixth and Jasper to a lot behind the McLean block, C. F. Newell addressed the council last night stating that Mr. McPhee was prepared to start at once on the erection of a $100,000 building on the Sixth street corner.

Alderman May raised objections to Mr. McPhee getting the permission unless he undertook to comply with all sanitary regulations, maintaining that he had neglected these in the past.

Alderman East moved: "That the permission asked for is contrary to the building bylaw and that it is the wish of this council to make our bylaws apply to all classes of citizens alike, especially in regard to the building bylaws, whose intention is to bring about a better class of construction and thereby minimize the loss of life and property."

Alderman May seconded.

An amendment by Alderman Calder to allow the permission was defeated.

**Not Legal Tender.**

Saskatoon, July 10—Because the law firm of Cruise and Tufts failed to mark their deposit cheques when making appeals, the two cases of Lee and John Bulmer, on appealing against a decision of selling liquor without a license, and the second against a charge of assaulting a hired man, Judge McLorg dismissed both cases yesterday. An unmarked cheque was not legal tender as security for costs he held.

## DISGRACE TO CITY AND COMMUNITY IS ALD. CLARKE'S VIEW

"It is a disgrace to the city and the community that the city has spent money in bringing in workmen from outside points to do city work." This was a comment made by Alderman Clarke at the city council last night on the report of the commissioner on a petition presented at a former meeting by a number of married teamsters, who complained they could not get work on account of farmers, single men and contractors having all the places. The commissioner of safety and health, in his report, showed that on the excavations for the new fire hall and police station that over one-half of the men employed thereon were single, although there were one or two of them who had dependants. His statement that particular attention would be given to the matter satisfied the councillors and the report was adopted.

## LADIES IN LINE TO GET SUFFRAGE IN NEXT CHARTER

Council Passes Resolution Approving Principle of Equal Franchise.

### MRS. BROADUS MAKES FINE PLEA FOR WOMEN

Humorously Remarks That Stained Glass in Edmonton Remains Intact.

"That this council go on record as approving of the principle of woman's suffrage, or adult franchise, not only in the muncipal but also in the provincial and federal franchise, and further that this council will endeavor to incorporate the principle into the Edmonton city charter or into the proposed commission government charter, whichever may first give effect to the principle involved in the petition."

In the words of the above resolution the city council last night approved the principle of "votes for women."

The council heard addresses on the subject from Professor Alexander and Mrs. Broadus, who presented a petition asking that in the charter amendments provision be made for women voting. The petition had 3,757 signatures and was supported by a resolution of the trades and labor council.

Mrs. Broadus in an able address to the council said:

"The Edmonton Equal Franchise league was organized early in February of this year, after a preliminary meeting in December. Since that time we have been carrying on work very quietly, largely in women's organizations and we have been doing what I suppose would be called educational work and presenting at the same time this petition which we bring before you tonight. We have not carried on a violent propaganda. I believe all the stained glass windows of Edmonton remain intact and we have done this work largely from a conviction that has been growing upon us that we women cannot carry on our traditional position in the home—in caring for the home and the children—without also concerning ourselves in the larger question of civic morality and civic housekeeping. After having exerted our indirect influence for some years and finding the process quite long and laborious, we should like the means which you men have been using since you were 21. We want to use the ballot and we think we have qualified for it, because in our organizations and individually we have studied for a long time, civic questions, and have interested ourselves largely in the remedial work of the city.

"We need not tell you that most of that work is carried on in women's organizations and we feel that we would bring to the exercise of the ballot, if we had the opportunity to use it, a fairly mature judgment. The petition contains names of men and women, some of whom have property qualifications and the maximum number of votes. Others are those of girls and women—young girls who are earning their daily bread and doing very little more than that. We are quite united in this matter, however, and we think that if we were given a chance to use our direct influence, after having exercised our indirect influence for all this time, that we should do it with discrimination and the fact that there are so many men's signatures along with the women's suggests that the men feel they need the women's work in studying their affairs quite as much as the women need the ballot for themselves."

Alderman May moved that the petition be referred to the special committee working on the charter, but afterward withdrew in favor of Alderman East's motion as above, saying: "There's my sentiments."

Alderman Clarke said he thought the present charter was broad enough to include equal suffrage, but it had not been so interpreted by the courts

## DOINGS OF THE CITY COUNCIL

Decided to meet again Saturday at 12 noon to hear Manager Kirkpatrick, of the Imperial Bank, in regard to the proposed issue of $4,000,000 worth of treasury bills for six months at 4½ per cent to finance city during the rest of the year.

Approved principle of equal suffrage for men and women in municipal, provincial and federal franchise.

Decided that the Municipal Gazette is not worth the expenditure. In future the Gazette will be published monthly instead of weekly and will contain only minutes of council meetings instead of verbatim reports.

Endorsed movement to incorporate the village of Beverley as a town.

Fixed Monday, July 27, as the annual civic holiday.

Increased salaries of F. W. Lyons, manager city farm and city relief officer, T. R. Turnbull.

Authorized expenditure of $2,000 to lower water level in McKernan's Lake.

Resolved to pave 109th street and strip on 121st street from Jasper to C.N.R. tracks. Also Second avenue S.W. from Main street to First street west.

# INCORPORATION OF BEVERLY AS TOWN FAVORABLE TO CITY

Interesting Facts on Growth of New Municipality Near Edmonton.

### HAS POPULATION OF ONE THOUSAND SOULS

Was Incorporated as Village Only Year Ago With 300 Population.

The incorporation of Beverly as a town was supported by the council and recommended in report of the parks and markets commissioner. A delegation appeared before the council in reference to the matter.

The commissioner submitted the following facts about Beverly:

The place was made into a village May 21st, 1913, when it had a population of 300 people. At the present time it has a population of 1,000 people, and has from 350 to 400 dwellings, stores and churches, a large Public school and one manufacturing plant.

There are 170 children attending the school. The Presbyterians have a church erected, the Church of England, and the Methodists also have a church.

The Beverly Sheet and Metal Works are in operation. There are several miles of plank sidewalks and graded roads.

The village tax rate is seven mills and the school rate is five mills, making a total of 12 mills.

The roadway along the river bank will in time become a beautiful driveway in conjunction with the driveway through the Highlands.

Good drinking water can be obtained at a depth of from 10 to 40 feet, all through the village.

Lots are worth about $250 each at the present time.

The village begins at 50th street, and extends east from that point, and its streets are named as far east as 35th street, being an extension of the city of Edmonton's new numbering scheme.

On the question of incorporation as a town or inclusion within the city limits, the commissioner stated:

"As the houses and buildings in the proposed town are very much scattered over a large territory, it would only be a source of expense to the city of Edmonton at the present time to extend its limits so as to take in the territory which will comprise the proposed new town, because none of the utilities, if extended, would pay expenses for some years.

"As the villagers are anxious to be made into a town, and the water, sewer, and transportation problems are essentially bound up with those of the city of Edmonton, I would recommend that no objection be made to the incorporation of the village as a town, but that a committee be appointed to approach the officials of the village and discuss the problems arising from water, sewer, and transportation systems, as there is little doubt that at some future time this territory will become part of the city of Edmonton."

Alderman Clarke moved that the report of the commissioner be received and filed and that the clerk be instructed to notify the minister of municipalities for the province of Alberta that the city had no objection to the incorporation of Beverly as a town.

Mr. Clarke moved that the clerk notify the secretary-treasurer of Beverly of the action taken, and further that at any time the city council would be pleased to meet any delegation from Beverly in regard to the future relations that are to exist between Beverly and the city of Edmonton.

Alderman Smith seconded the motion, which was carried.

(For other Council news see Page 9.)

## HEARST SAYS ROOSEVELT MUCH BETTER DEMOCRAT THAN PRESIDENT WILSON

Vancouver, July 10.—Outlining his views on the political situation in the United States in the course of an interview here, William Randolph Hearst, the well known American newspaper publisher, expressed the opinion that a coalition of the progressive and the present democrats would make the combined party the strongest in the republic. He said that he thought that Colonel Roosevelt would be making a great mistake if he ran for governor of New York as had been suggested and claimed that the doughty ex-president was a much better democrat than President Wilson. Incidentally, he criticized the latter for his policy of "watchful waiting."

**Denies Any Perished.**

Seattle, Wn., July 10—The revenue cutter Bear, with Captain Robert A. Bartlett, late of the Stefansson exploring ship Karluk, will sail from Nome, according to advices received today, probably within a week, from Wrangel Island, off the coast of Alaska, to take off 18 white men and four Eskimos, one of them a woman, who have been on the island since March 10, when they arrived from the scene of the wreck of the Karluk. Captain Bartlett said the report that eight members of the expedition were lost was an error.

**Refitting Prince's Palace.**

Berlin, July 10.—A despatch from Neuweld to the National Zeitung yesterday says the palace formerly occupied by Prince William of Weid is being refitted. Large quantities of furnishings have been received there during the last few days from Durazzo, Albania.

Historic shade tree more than 100 years old, in Portland, Me., four feet through, has become so decayed that it has been chopped down.

## "This Six Months' Guarantee Made Me Buy My First Holeproofs"

**I buy them now for superior quality—for soft comfort and for style"**

We made six pairs of hose that wore six months long before a guarantee was thought of. These *hose* suggested the guarantee.

And nearly two million people know that not a single wanted hosiery advantage is sacrificed in Holeproof for wear. Yet six pairs are guaranteed six months, and we replace every pair that fails. But 98 per cent *don't fail*.

We pay an average of 74c per lb. for our yarn—the best the world affords. Common yarn can be bought for 32c. Buy a box and see what this difference means—a box of merino for men or women, or a box of the sheerest weights in cotton or silk.

See what it means to wear these hose that never need darning.

Holeproof Hosiery FOR MEN, WOMEN AND CHILDREN

HOLEPROOF HOSIERY CO. OF CANADA, Ltd., London, Ont.

$1.50 per box and up for six pairs of men's; $2.00 per box and up for six pairs of women's and children's; $1.00 per box for four pairs of infants'. Above boxes guaranteed six months. $1.00 per box for three pairs of children's, guaranteed three months. $2.00 per box for three pairs of men's *silk* Holeproof socks; $3.00 per box for three pairs of women's *silk* Holeproof stockings. Boxes of silk guaranteed *three months*.

# NEW TREATY BETWEEN AMERICA AND BRITAIN

London, July 10.—The American ambassador, Walter H. Page, speaking at the peace centenary meeting in the Metropolitan tabernacle last night, made reference to a new treaty between the United States and Great Britain.

After referring to the cordial relations now prevailing between the two countries and complimenting Viscount Bryce on the part he had played in clearing up all differences between the two countries, the ambassador said it was the policy of the American people to have an alliance with none; where there was perfect friendship alliances were not needed.

The old arbitration treaty between the two countries, however, had been renewed for another period and he was free to announce that a new treaty was being concluded whereby a commission was to be set up, to which either government could refer any question arising between them. Both governments, he added, promised not to begin hostilities until this commission had investigated matters and submitted its report.

That treaty, the ambassador declared, was virtually completed. The announcement evoked a great outburst of cheering.

Ambassador Page said that the treaty marks another stage in the closer union of the two governments.

"In our two free countries the people count more than the governments," he continued. "The American and British people understand each other better now than ever before and I think there is a distinct obligation laid on everyone in both countries always to do his utmost to remember that the better you know the people of another friendly country the stronger will be the ties between them and the ties of helpfulness between the nations of the world."

Asthma

Asthma and hay fever, even of long standing and of the most distressing severity, are robbed of their terror by this reliable remedy.

## TRADES UNIONISM EXTENDING.

Interesting statistics regarding trades union development are compiled in a report by the Canadian Labor department. The aggregate membership at the close of 1913 was 175,799, as compared with 160,120 for 1912, and 133,132 for 1911. Of the membership for the latest calendar year 149,577 were in international organizations, and only 26,222 in unions confined to the Dominion. This shows a unity of aim and purpose that takes no account of political boundaries. The unions are in consequence an influence against international hostilities. There are twenty-one organizations having twenty-five or more local branches in Canada, the greatest membership being 10,401, recorded by the Brotherhood of Railway Trainmen. The United Brotherhood of Carpenters is next with 9,535 members. In reality the carpenters hold the union record, for the Amalgamated Society of Carpenters and Joiners has an additional membership of 4,116, and there are carpenters' unions with other affiliations.

But marked though the growth of trades unionism has been in Canada, the total strength of 175,799 is very small in proportion to the wage-earning population of the Dominion, while its ratio to the whole population is smaller than that of the United States and much smaller than that of Great Britain.

In national records Great Britain stands highest, her union membership for 1912 being 3,813,973, Germany ranking second with 3,317,271. This is a reversal of the relative position for 1911, when Germany had a slight lead. The United States has a record of 2,496,000, and France slightly more than a million. The percentage of union membership to population shows Australia first with 9.15, Great Britain second 8.4, New Zealand third 5.66, and both Germany and Denmark slightly above five per cent. Australia's Labor Cabinet is explained by that colony's high percentage of trades unions. Beneficiary disbursements by trades unions in Canada made a total of close on fifteen million dollars during 1912, death benefits aggregating $7,556,876 and strike benefits $3,671,908.

The principle of internationalism in labor organization in Canada has been criticised freely from time to time, but the criticism falls to the ground before the unanswerable fact that on this continent nothing is more widely internationalized than capital. It is estimated that there is at least a billion dollars of United States capital invested in this country, and the policies governing the investment and operation of this wealth are directed from American centres. There are many millions of Canadian capital in the United States, in fact, if there is one field in which national boundary lines have been obliterated it is in the field of investment of capital. It is manifestly absurd, therefore, to advance seriously the contention that the principle of internationalism in trades unionism should be restricted or prohibited. As far as the general public is concerned we fancy its economic well-being is not likely to be injured any more by international labor organizations than by American-controlled trusts.

## THE NEXT CHAPTER IN UNHAPPY MEXICO.

Associated dispatches from Washington intimate that Huerta's family has already arrived in Santa Cruz, preparatory to flight to Europe, in which they will evidently be joined by the erstwhile dictator with his minister of foreign affairs.

Thus the curtain is about to be rung down upon the one-eyed Indian and his collapsed dictatorship, and the stage set for the next act in the bloody drama of Mexico.

Whether the next act is to be happier than the last time alone can tell, but with the woes that have been piled upon them by Diaz and Huerta, with the cruelties, confiscation and tyranny that the peons have been forced to suffer, the outcome of the present revolution could scarcely lead to a worse condition for the enormous majority of the people of Mexico than that from which they are about to emerge.

Although at this distance it is very difficult to judge the character or capacity of the men, it is very evident that there is a kernel of justice contained in the things for which Villa and Carranza are fighting and that the fervor with which they have been able to imbue their followers is founded solidly upon the desire for freedom.

Mexico suffers from the circumstance that she is wonderously rich and her people woefully poor and ignorant. The natural riches of the country furnish prizes for which outlanders stand ever ready to buy the leaders to betray and despoil the peons. Diaz had the opportunity of all history, but he was faithless. Madero was true but weak. Huerta has been atavistic in his cruelty and malignant in his treachery to his country. The question which remains to be solved is whether or not the coming rulers are capable of a faithfulness such as will justify the sacrifice of blood which has been made to place them in control.

## LIBERALISM GROWS STEADILY STRONGER.

Liberalism grows steadily stronger in Saskatchewan. In the recent by-elections, a riding which had been Conservative since the creation of the Province returned a Liberal member, turning a Conservative majority of 44 in the last Provincial elections to a Liberal majority of more than 300. In another riding, a Liberal majority of something more than 100 became a Liberal majority of nearly 300. Throughout the Prairie West, the Liberal Party is gaining with every month. In Manitoba, the Conservative cause is saved only by the disgraceful tactics of the Rogers' machine, the most notorious and unscrupulous political organization in the Dominion which is now putting forth every effort of trickery and corruption to prevent the downfall of the Roblin Ministry.

### Social Side-Tracking of Humanity

To the Editor of the Capital:

One of the most interesting phases of evolutionary thought, is to contemplate the tree of life, which through the united efforts of the palaeontologist and the biologist has been restored to us from the fossil records of extinct animals which lived millions of years ago upon our planet. Herbert Spencer in his Synthetic Philosophy laid down the great evolutionary law that in nature everything tended to pass from the homogeneous to the heterogeneous, or rather from the simple to complex. Nietzsche, the mad philosopher of Germany, has demonstrated to us clearly, that there exists for us in the universe, one great truth only, and that in itself, eternal, viz.—the persistence of force in matter. All other so called truths are but adaptations of our existence to an unstable and ever-changing environment. Passing rapidly through a revolutionary epoch, humanity can scarcely realise that the so-called truths which have served their purpose in a recent decade are no longer of any use in the new conditions of society which are now being evolved. Thus we find Nietzsche referring with delightful sarcasm to Christianity as the religion of the "humble and the meek." And it is just at this point of philosophic thought that we realize the full meaning of Nietzsche's sarcasm. Christianity has side-tracked humanity and is hindering further social evolution, as in a similar manner, nature, from our studies in the fossil record of the rocks, side-tracked whole groups of ancient life, finally resulting in their total extinction. Look at the monster flying reptiles, all cold-blooded, by which nature made her first attempt to conquer the air, and which unable to adapt themselves to new conditions were relentlessly wiped out of existence, despite their many strange and varied forms. These reptiles lived on earth from 30 to 50 million years ago, and not still many years afterwards did nature attempt once more to conquer the air by evolving the birds of today. How well these are adapted to their present environment is shown by the great multitude of species existing on earth. In similar manner the human race has become side-tracked and the growth of misery, poverty and degradation, increases despite our increased and improved methods of economic production. But man being a self conscious being and gifted with large reasoning powers, has sought to discover the real cause of the social pathology of the present age. This discovery may be expressed in one simple phrase, viz.—"Humanity has side-tracked." We have reached a point in the social evolution of our race, at which all attempts to better the economic conditions of the workers result only in completing a series of vicious circles, which leaves the social ulcers of society in a more aggravated and diseased condition than before. Our sanatoriums, our proposed convalescent home; our Welfare leagues; our sunshine societies, what miserable wretched humbugs they are! And where, today, are the supermen and superwomen of the Nietzschean philosophy? Do we not find them in the Apaches, the terror and despair of Parisian society? Do we not see them in the British suffragettes, those superwomen of the coming revolution; whose utter disregard for the rights of private property heralds the passage of an outworn shibboleth which has held the human race in bondage for several centuries? Do we not see them in the I. W. W.'s, the anarchists, the communists and the socialists, whose movements are world-wide and carry an enthusiasm never before known in the history of man? These supermen and superwomen have cast off the religion of the "humble and the meek," realising that its so-called truths belong to an epoch which is being rapidly relegated to the past. In solid phalanx and with ever increasing solidarity, they are demanding of society the rights and dignities of men. These can never be accorded to them under the present social conditions, which compel the workers like an abject reptile submerged in "humility and meekness," to crawl upon his belly to ask permission of a master class to labor with the tools of that class for the means of subsistence. Where, oh proletariat, is the dignity of thy labor. How is it that in the lavish fecundity of nature, thou art not permitted to enjoy the fruits of the earth? Not to the Marxian war cry do we respond today, that is a shibboleth of the past; but to the war cry of the supermen and superwomen of all nations who have shaken off the dogmas of the "humble and the meek" and stand unflinching and unbending before a master class, demanding above "good and evil" the rights and dignities of human and self conscious beings freed from bondage and economic slavery. In the process of social evolution, the rebels of society foregather no more under the shadow of the cross, the symbol of economic freedom is expressed under the folds of the red flag, a regeneration of society that is at once international and universal supermen and superwomen of all lands arise, the fruits of the earth are yours, not in meekness and humility but in the herald of revolt!

LUKE ALDERSON SMITH,
276 Agnes street.
Edmonton, July 8.

### J. H. McDonald Corrects

To the Editor of the Capital:

My attention has been drawn to the fact that Alderman Joseph Clarke, in his evidence in the police investigation, declared that in 1912 I publicly advocated segregation of the social evil, further alleging that I was secretary of the Temperance and Moral Reform league.

I write to correct both of these statements.

In the first place, I am not, and never was, secretary of the society mentioned, my office is that of treasurer; and in the second place, I never either publicly or privately advocated segregation. I think I know the origin of Alderman Clarke's assertions. In the first civic election campaign after amalgamation of the two cities I was a candidate for the aldermanic board. On one occasion during that campaign I discussed briefly, on a public platform, the manner of dealing with the social evil. I referred to the two prevailing methods, segregation, and hounding of women of ill fame. I objected to the first because it practically licensed and encouraged prostitution, and I disliked the second because it was unmerciful to unfortunate womanhood. I advocated the establishment by the province of houses of refuge and reform where the younger fallen women might be cared for after arrest for disorderly conduct. For the older women, confirmed in social vice, I advocated long terms in workhouses provided for their kind.

I am still of the opinion that such treatment, together with severe punishment for the male culprits as well, would bring about vastly better conditions than exist in any of our cities today. Segregation and "toleration" simply leave open the way for debauchery and corruption, both physical and moral, of thousands of the young people of our cities; as well as the blighting of future generations.

J. HAMILTON McDONALD.
Edmonton South, July 8.

## The Adventures of Kathlyn

By Harold MacGrath.

(Copyright, 1914, by Harold MacGrath.)

CHAPTER XVII.—Continued.

The native girl stared at her. She did not understand the words, but the signs were enough. The young white woman looked ill; and Umballah would deal harshly with those who failed to stem the tide of any illness which might befall his captive. There was a commotion behind the fretwork of the palace. Three other girls came out, and Winnie was conducted back to the zenana.

All this Kathlyn observed. She bade the mahout go to the house of the zenana's doctor, where she donned the habiliaments familiar to the guards and inmates of the zenana.

Everything went forward without a hitch; so smoothly that had the object of her visit been other than Winnie, Kathlyn must have sensed something unusual. She entered the palace and even led the way to Winnie's chamber—a fact which appeared natural enough to the women about but which truly alarmed Umballah's spy, who immediately set off in search of the khan.

One thing assured her; the hands of the zenana's real physician were broad and muscular, while the hands she saw were slender and beautiful, brown though they were. She had seen those hands before, during the episode of the leopards of the treasury.

It was very hard for Kathlyn to curb the wild desire to crush Winnie in her arms, arms that truly ached for the feel of her. Even as she fought this desire she could not but admire Winnie's superb acting. She and her father had misjudged this butterfly. To have come all this way alone in search of them, unfamiliar with the customs and the language of the people! How she had succeeded in getting here without mishap was in itself remarkable.

She took Winnie's wrist in her hand and pressed it reassuringly, then puttered about in her medical bag. Very softly she whispered:

"I shall remain with you till dusk. Give no sign whatever that you know me, for you will be watched. Tonight I will smuggle you out of the palace. Take these, and soon pretend to be quieted."

Winnie swallowed the bits of sugar and lay back. Kathlyn signified that she wished to be alone with her patient. Once alone with Winnie, she cast aside her veil.

"O, Kit!"

"Hush, baby! We are going to get you safely away."

"I am afraid."

"So are we all; but we must not let any one see that we are. Father and Ahmed are nearby. But O, why did you attempt to find us?"

"But you cabled me to come, weeks ago!"

"I, never! And the mystery was no longer a mystery to Kathlyn. The hand of Umballah lay bare. Could they eventually win out against a man who seemed to miss no point in the game? "You were deceived, Winnie. To think of it, we had escaped, were ready to sail for home, when we learned that you had left for India. It nearly broke our hearts."

"What ever shall we do, Kit?" Winnie flung her arms round her sister and drew her down. "My Kit!"

"We must be brave whatever happens."

"And am I not your sister?" quietly. "Do you believe in me so little? Why shouldn't I be brave? But you've always treated me like a baby; you never tried to prove me."

Kathlyn's arms wound themselves tightly about the slender form. . . . And thus Umballah found them.

"Very touching!" he said, standing with his back to the door. "But nicely trapped!" He laughed as Kathlyn sprang to her feet, as her hand sought the dagger at her side. "Don't draw it," he said. "I might hurt your arm in wrenching it away from you. Poor little fool! Back into the cage, like a homing pigeon! Had I not known you all would return, think you I would have given up the chase so easily? You would not bend, so then you must break. The god Juggernaut yearns for a sacrifice to prove that we still love and worship him. You spurned my love; now you shall know my hate. You shall die, unpleasantly."

(To be continued tomorrow.)

Dr. E. E. Lake, Denver, concer victim, has had his entire lower jaw on the left side, his tongue, and several glands of the neck removed in efforts to have his life.

# IMPORTANT LIST OF CASES TO BE TRIED IN NORTH

## Supreme Court Judicial Party Leaves Edmonton for Fort Vermilion Tomorrow.

## TWELVE SERIOUS CHARGES PREFERRED

## Justice Simmons Will Make Five Months' Trip Through Alberta's Northland.

The supreme court judicial party going north to try a number of criminal cases as far north as Fort Vermilion on the Peace, leaves Edmonton tomorrow. The party will travel from Edmonton by rail to Athabasca, and from thence by boat to Grouard. Courts will also be held at Peace River Crossing and Fort Vermilion. The major portion of the trip will be by boat, with two or three stages by wagon and team. It is expected that the whole trip will take about five weeks.

The trip was formerly made by Judge Noel and Judge Lees, of the district court, but the case of murder at Fort Vermilion involved the attendance of a judge of the supreme court.

The party will be made up as follows: Justice Simmons and son; E. F. Croswell, crown prosecutor; F. W. Meredith, court stenographer and clerk of court; M. M. Charleson, (solicitor for the accused persons); J. C. Landry, appearing at the instance of the dominion government to defend two Indians accused of murder and offence against a woman.

Transportation and guidance is being supplied by the R.N.W.M.P.

The following is a list of cases to be tried on this circuit:

Asa Hunting, abducting, Lake Sasakatoon.

Joseph Gonlet, seduction, Shaftsbury.

Ivan S. Pipes, destruction of telegraph line, Grouard.

Alfred Atlow, assault on woman, Drift Pile Indian Reserve, Grouard.

Andrew L. Doland, theft of horses, Sturgeon Lake, Grouard, (case dismissed and appealed).

William Nosley, theft of horse, Grouard.

Leon Johnstone, theft of steer, Grouard.

Peter Gunamagmma, theft of horse, Swan River.

Belcourt, theft of horses, Vleskin Lake, Grand Prairie.

Moses Hogue, conviction under license ordinance (appeal).

John D. Mulligan, theft of horses, Grouard.

Marie, murder, Fort Vermilion.

### To Help the Farmer.

Ottawa, July 10—The dominion experimental farms this year will be represented at all the important fairs of Canada by a special exhibit different from any yet shown. Six exhibits have been prepared, each with a view to showing in a graphic manner what the dominion farms are doing to help solve the problem of the Canadian farmer, and to point out how the information secured at the farms may be obtained and put into practice.

Venzuela permits American doctors to practice within its jurisdiction.

## MASKED BANDITS TAKE TRACKWALKER ALONG AS THEIR PRISONER

St. Louis, Mo., July 10.—The two masked bandits who held up the westbound "Maty Flyer" on the Missouri Kansas and Texas railway, near Matson, Mo., 60 miles northwest of St. Louis, last night, captured a track walker who surprised them as they were robbing the train and took him away with them to prevent him spying on their departure. The train, which left St. Louis at 8:32 last night for Texas, stopped at Matson, Mo., on the north bank of the Missouri river at 10.15. The two bandits are supposed to have boarded the train. After the train had gone a short distance from Matson, the engineers heard a noise behind him, and turning, found the robbers pointing revolvers at him. They ordered him to stop the train and told the fireman to run back and uncouple the train between the last express car and the first passenger car. The fireman did as he was told and the bandits forced the engineer to run the engine and express cars to a point near Klondyke on the river bank. They entered the American express car and forced the messenger to stand with his face to the wall while they blew open the safe. While the work was going on a track walker, said to be William Christopher, appeared. The robbers took him prisoner.

The bandits made no effort to molest the passengers whom they warned to keep their heads and not to interfere.

Under the new regulations every soldier and officer of France receives a special annual bonus of 200 francs for every child under 16 years of age.

**Bridge Across Whirlpool.**

Toronto, July 10—A Spanish company, incorporated at Bilbao, Spain, with Canadian headquarters in Toronto, has obtained concessions from the Niagara Falls power commission to construct and operate an aerial tramway across the whirlpool rapids at Niagara Falls.

**Bandit Found Dead.**

Quebec, July 10—Joseph Morand, the demented bandit, who since he ran amuck with a gun and shot three men on Thursday, July 2, has terrorized the village and district of Villeroy in the county of Lotbiniere, was found dead yesterday in a hut in the woods, according to information received here yesterday afternoon by provincial police Chief McCarthy.

**New Two-Dollar Note.**

Ottawa, July 10—A new two-dollar Dominion of Canada bank note, upon which is engraved the heads of their Royal Highnesses the Duke and Duchess of Connaught, and which will be known as the "Connaught issue," will be placed in circulation tomorrow.

**J. J. Hill in Montreal.**

Montreal, July 10—J. J. Hill, the railway magnate, arrived at Montreal yesterday in his yacht, the Wacouta, in which he rested comfortably for several hours on the river just east of the city. He had intended to see Sir Thomas Shaughnessy, but the latter was out of the city.

**For Women's Rights.**

St. Paul, July 10—Women's rights yesterday were recognized to the fullest extent by the National Education association. It passed resolutions endorsing woman suffrage and equal pay for teachers regardless of sex and allotted five of its 10 vice-presidencies to women.

Buchu leaves produced yearly in South Africa are valued at nearly $300,000.

## REVENUE DECREASES FIRST QUARTER FISCAL YEAR OVER $7,000,000

Ottawa, Ont., July 10.—The statement of revenue and expenditure for the first quarter of the fiscal year ending with June 30, shows a decrease in revenue of $7,608,201 as compared with the same period last year. The total revenue for the three months was $33,660,389.

From April 1 to June 30, last year, it was $41,268,690. The expenditure for the quarter stood at $18,507,844, or about one and a quarter millions less than last year. The shrinkage in customs revenues was almost entirely due to the falling away in the customs receipts which amount to only $21,209,588 as against $28,436,323 last year. Customs collections for June were $7,083,724 as against $9,088,781, for June 1913. Revised figures for the last fiscal year show a surplus of $35,-820,413 on consolidated revenue account, an increase of $21,661,032 in the national debt.

**Bribery Charges Dismissed.**

Goderich, Ont., July 10.—Declaring that he could place no confidence in the evidence of J. B. Hunter, the informant, and that he could find nothing to support the charge, Police Magistrate Kelly yesterday dismissed the charges of conspiracy and bribery against Dr. A. H. Mackin and Rev. Jos. Elliott in connection with the Center Huron provincial election contest.

**Valuable Painting Found.**

Geneva, July 10—A painting, which is pronounced by an expert to be the work of Leonardo Da Vinci, was recently bought for a small sum at a village in the canton of Fribourg by a Lausanne collector. It will be sent to Paris for examination by experts there.

Nearly 300 United States cities provide playgrounds for children.

### DO YOU KNOW

That the old bell skirt is once more making its appearance.

That a woman should be beautiful to a man's common sense as well as to his eyes.

That cotton frocks are being made up in extremely long waisted effects and their sashes are more floppy than ever.

That today, instead of putting the lower skirt of Roman striping beneath a long tunic of serge or taffeta, as has been done all spring, Paris women now are selecting black satin.

That for morning wear a new hat trimming consists of a fan-shaped piece of pleated silk ribbon poised on the edge of the crown in front and striking outwards in handle form.

That is takes a truly beautiful arm to show off a beautiful bracelet, and an ugly arm is only more conspicuously ugly when adorned with bracelets.

That the toeless shoe for afternoon and evening wear, to be worn with or without stockings, is the latest novelty for women to appear in the London shops.

That a New York college graduate in charge of a department in one of New York's large stores asks, "Why do not more of our college girls and educated women in general have the wisdom and foresight to see what opportunities lie in the big stores?"

That a sensible as well as charming fashion is a hem of colored silk on the lace or chiffon skirt, either under the scallops of the flounce or applied over the edge of the flounce, either in a straight or scalloped upper edge.

That a new invention is a safe deposit shoe heel, which enables the user to carry valuables in the safest possible way, as the receptacle can be reached only from the top, and it is closed by a metal disk, over which a thin inner sole is laid.

That Speaker Clark told a delegation of women from the National American Woman's Suffrage Association that "woman suffrage is inevitable as the rising of tomorrow's sun," and he fixed 1917 as the year for all U.S. women to attain it.

### FOR THE HOUSEKEEPER

"All right, and we'll have coffee to finish up with."

* * *

"Do you want some radishes and lettuce, ma'am? They're fine today," urged the dealer.

* * *

"Just look at the lovely roses and carnations for 25c a dozen. I must have some."

* * *

"I would like a new cabbage or some beans. The cabbages are 10c and the beans 15c, but I guess I'll wait till tomorrow."

* * *

"Now, I want some dessert," she said. "I believe instead of cooking any I'll just get some of these strawberries. They're lovely and only 14c a box."

* * *

"No, not today. I've finished now all but a few flowers for the table. I always feel more festive when I have flowers."

* * *

"Today is bargain day, you see, ma'am," said the florist, "because tomorrow's a holiday. Snap dragon are also 25c."

* * *

"Guess it's 25c day down here," laughed the customer as she went off with her arms full of pink Killarney roses.

* * *

"Those trout look nice at 15c a pound," remarked the housewife. "I think I'll take one for breakfast tomorrow. I can keep it in the refrigerator."

* * *

"Oh, yes, do," said the other. "With some good cream and some light cake they make a delicious dessert. Then we can always make puddings or pies, but we cannot always have fresh strawberries," wisely returned her friend.

## Theatres and Picture Shows

### PANTAGES TUMBLERS MAKE HIT WITH KING MANUEL OF PORTUGAL

Next week's bill at the Pantages theater bring with it not only an all-star combination of acts but also two men who have had the honor of performing before royalty. This is an honor indeed and shows more forcibly that the two men in question have ability beyond question as entertainers. Heras and Preston are the honored men and they will be seen next week at Pantages in a comical tumbling act. Tumbling as a general rule is a pretty dry diet but Heras and Preston mix enough brains with their act to make comical situations which are highly amusing.

The two performers while touring Europe several years ago dropped in to Portugal at the time the Carnival was in session. On the day King Manuel was to be present at the performance at a local theater, one of the acts disappointed the house manager and in a frenzy because he did not want anything to happen when royalty was to occupy the box of honor he called on the two American lads to help him out. They did it and in fact so well that they were the hit of the show. After the performance King Manuel slipped back to their dressing room and congratulated them on their act. That was enough, for it made their reputation and from that time on they have scored a hit wherever they have performed.

But Heras and Preston are not going to walk off with all the honors. Menlo Moore always has sent a class of musical sketch to Pantages which is satisfying. Last year his summer girls delighted the audiences and now he sends three girls and three men in a delightful sketch which contains the latest dancing specialties.

When it comes to dancing Chase and La Tour will do their best to wrest the honors from the Fair Co-Eds and if they live up to their reputation they will give an exhibition of dancing which will be pretty hard to beat. They blend with their act some clever songs and as both of them can sing it is no doubt that the audience will be entirely satisfied.

The fun of the performance will be produced by Kitner, Haynes and Montgomery in an act entitled "Swells at Sea." This is just one continuous laugh from the time the curtain rises. The trio have a reputation as mirth makers and singers throughout the vaudeville houses in the states which is very enviable, and they can be depended upon to uphold their reputation in Edmonton.

Then for the kind of music which every one likes. This week it was supplied by the Ward brothers and next week Schillers String Quintette are going to give the crowd some real music on string instruments. Each member of the troupe is a musician of high order and can be depended upon to satisfy with selections of classical and popular music.

### WINNIPEGGERS DEMAND EXTRA THREE DAYS OF EMPRESS ATTRACTION

Owing to the extreme popularity of the film, "Footprints of Mozart," which was announced for earlier in the week at the Empress theater, the management has been unable to offer this attraction until Friday and Saturday. This picture has just arrived in Edmonton from Winnipeg, where it attracted considerable favorable comment, and was retained for an extra three days.

Stanton was discouraged. Before him on the table, littered with music manuscript, lay several compositions of his that had come back by the morning post, and a little box, open, containing a ring. Stanton left the note in Mrs. Allerton's tall, fashionable writing, slip from his nerveless fingers. "Ruth shall not sacrifice herself by marrying a poor man." He leaned his head in his hands. The rejected manuscripts were depressing enough—but now that his engagement was broken, his last spark of ambition was suddenly snuffed out.

He sank into a letharcy in which he seemed to drift out of the body, and he seemed almost helpless from lack of food. With a suddenness that was almost startling, Stanton heard or seemed to hear Mozart with his dying breath singing the "Requiem," and the beauty of the music aroused the dreaming Stanton. He threw open the window, and with his violin poured his soul into the instrument. A stranger passing in the street was suddenly transfixed as the music floated through the open window and he was so impressed that he sought the musician and offered him inducements that resulted in Stanton becoming famous over night.

Meanwhile, Ruth Allerton, defying her mother's wishes, had come to find her lover, and the happy ending is inevitable.

The other feature film on this program is "The Girl in the Shack," a striking western drama enacted by three Reliance stars and produced by Ed. Morrissey.

**New Manager for Big Store**

Charles H. Reed, for the past three years secretary-treasurer of James Ramsey, Limited, owners of the big department store on First street, has been appointed to the position of manager of the stores, succeeding A. E. Emery, who remains with the company in another capacity.

If your oven will not brown your pastry as well as you would like, put the cakes or tarts on the upper tray, and throw a little sugar on the floor of the oven.

One mother is more venerable than a thousand fathers.—Laws of Manou.

### BIJOU MANAGEMENT HAS REAL TREAT TO OFFER THIS EVENING

Manager Hazza of the Bijou theater will have a dish fit for a royal palate to set before his patrons tonight when a dozen or more amateurs, near amateurs and almost professional Thespians will appear before the footlights to submit for the approval of the Bijou audiences their material which they hope to make the medium for gaining fame on the stage.

Every Friday evening the Bijou management offers prizes to the successful contestants who possess sufficient courage to go before audiences at the First street photoplay theater and perform a variety of stunts. Amateurs who exhibit their talents in his manner have been known to gain fame on the professional stage, although the object of amateur nights is primarily to provide audiences with 30 or 40 minutes of unalloyed amusement, ridiculous, but entertaining, nevertheless.

But on Friday and Saturday the Bijou management will also offer two reels of film entitled "The Forest Vampires," and one reel entitled "The Colonel's Adopted Daughter." The former tells of one Peter Duval, leader of the Forest Vampires, a band of robbers. They hold up and rob a man and woman of high rank. Duval is the landlord of the Tavern du Leon. A detective, Armand Pauvre, disguised as a musician, goes to the inn to watch the landlord, who is suspected of his secret connection with the bandits. Marie, Duval's daughter, falls in love with Armand, who determines to use her as a means of discovering the robbers' secrets. He writes a letter to this effect to the government authorities. The letter falls into the hands of Duval, who summons his band, and has the detective captured and imprisoned in a cave in the forest.

Marie, frantic for the safety of her lover, rushes to the prison cave and tells him what has happened. When she leads him and his detachment to the cave, there, to her great astonishment, she finds her father. She confesses to him her love for Armand and that it is she who has brought the soldiers. Duval thrusts in her face the letter in which Armand has announced his intention of using her as the tool of his detective mission. Scarcely has she read it, when Armand himself comes out of the cave. She turns and shoots him. Then he learns that Marie has saved him from the hands of the Vampires and pleads with her to come to him. But though he lies wounded by her own hand, she has nothing for him now but loathing.

"The Colonel's Adopted Daughter" is a picture dealing with a romance of the civil war in the United States during 1861-'65.

### KATHLYN PICTURES GET MORE POPULAR AS STORY CONTINUES

For Friday and Saturday of this week the Dreamland theater will offer No. 8 of the Adventures of Kathlyn, the famous and very popular wild animal serial, in which the interest seems to grow as the story progresses. That is not wonderful, as patrons declare that each instalment is better than the last. In the Dreamland's program for Friday and Saturday is also lots of good comedy of the better sort, and last, but not least, the Pathe Gazette, which has, among other things this week, scenes showing the trials of the Shamrock IV., Sir Thomas Lipton's new America's cup challenger. This fine craft is clearly better than the last challenger. Another "photoplay masterpiece" will be shown Monday and Tuesday. It is in three parts, by the Vitagraph company and entitled, "The Riders of Petersham."

**Advice on How to Keep Young**

Lie down for at least half an hour in a darkened room. Loosen your skirt bands and your collar. Relax all your nerves. This will be hard to do at first; you will find yourself holding tensely the nerves in one part of your body or another. But practice will make it easy.

Banish, with all the force of will you have, every worry and every unpleasant thought. Recall vividly some delightful experience or indulge in some day-dream of what you hope.

So much for the room-rest. Now for the mental refreshment. Never let a day go by in which you do not sit down quietly for at least 15 minutes with your favorite book.

As for myself, I am a great believer in the spiritual uplift of poetry. It is better for me to read, for a few minutes each day, some beautiful, inspiring poetry, than to read an extract from essays. But if you don't like poetry and do like essays, read them.

Don't spend your mental refreshment in poring over fashion books or modern fiction. Use it for the strength that comes from the deeper springs of literature.

Take a walk in the fresh air every day, even if you can be out only 20 minutes or half hour. Take in the air in long deep breaths; look for the beauty of sky and landscape and rejoice in it.

If you spend half an hour lying down in absolute rest, a quarter of an hour in reading something that gives you a new spiritual point of view, and if you add to these a half hour in the fresh air, you take only an hour and a quarter for the upbuilding of your nerves and the refreshment of your mind.

A pinch of salt added to mustard helps to prevent it from drying or caking.

* * *

To make the gas burn brightly, a little salt should be sprinkled over the top of the mantle. This should be done when the gas is burning.

### ETIQUETTE FOR "WEEK-ENDS."

With the summer months come the pleasant invitations for spending "week-ends" at hospitable homes away from the dust and dirt of the city, either by the salt waters of the seashore or possibly in the soft shade of trees and beside cool, running streams.

Etiquette, as far as ceremony is concerned, has not much place on such delightful occasions, yet guests may make or mar the pleasure of visits in small ways that make for the discomfort of host, hostess and all guests if so inclined. Take, for example, the man or woman who is always either too warm or too cold; the windows must be opened for the one or kept entirely closed for the other; the constant demand for fresh air on the one hand, or for somebody to fetch a wrap on the other, keeps everybody wishing that for once the unhappy individual could be satisfied.

There is the person who always wants a drink of water when miles away from any place where water can be had; who is always in terror of something or dreading something or fretting about something. In a word, the disagreeable and selfish somebody who makes everybody miserable along with him or herself.

Then there is the too sensitive individual. Always with a hurt, martyr-ized look; with a meek and abused air of acceptance of treatment that has hurt, but who is striving heroically to hide the sting under an assumed cheerfulness that is far worse than a torrent of abuse could possibly be. Unconscious as others may be of having done aught to wound, the wound is evidently there, and, resigned, the victim succeeds in bringing about a state of anxiety as to the cause that is, to say the least, unpleasant.

The laws of etiquette demand that each and every individual do everything possible to prevent discomfort to others, and this should be carefully learned by guests who are intending to accept invitations to summer outings. To be cheerful, pleasant, lively without boisterousness, agreeable to any plans proposed, regardful of the rights and comforts of others, thinking little or nothing of small mishaps or accidents that cannot be prevented, all this is not only the duty, but should be the pleasure, of guests who accept invitations, wish to be welcome and repeatedly asked to "come again."

# STATES THAT MINE WOULD HAVE BEEN CLOSED UP BY HIM

Norman Fraser, Edmonton Engineer, Reports on Hillcrest Disaster.

## EXPLOSION STARTED IN SOUTH WORKINGS

No Evidence That Fan Had Been Operated During Two Idle Days Previous

Hillcrest, July 10.—A report remarkable in its significance for concentration and summing up, and remarkable as coming from an authority considered by the miners as almost indisputable, was that given the Hillcrest commission yesterday afternoon by Norman Fraser, consulting mine engineer, of Edmonton.

Mr. Fraser prefaced his report with the admission that he wished to be fair and gave, as his authority for arriving at the conclusion he had, the experience he had in Scotland and Canada and other places. For 18 years he had been a pupil, mine surveyor, fire boss, pit boss, mine manager and mine inspector at different times. He had never been in the Hillcrest mine previous to the explosion, but since had made a pretty thorough examination of its workings. His conclusions in part are as follows:

"After an examination of nearly all the accessible parts of the mine, and having heard all the evidence produced, I have arrived at the conclusion that the explosion originated in number two south workings, below number one south.

"It is a noticeable fact that, when the explosion occurred, a road which was wet and free from dust, tended to die down. I am unable to state the initial cause of the explosion, but I think shot firing can be eliminated in this case, as the shot firer's body was found with the firing cable around it, and the key of the battery in the socket of the coal. The most probable cause of the explosion in my opinion is gas, but I am not prepared to state as to how the ignition took place. The explosion was propagated throughout the mine by dust. On the morning of the explosion gas was reported in several places, and this being removed, plus the gas generated from the working places, there would surely be a percentage of gas in the ventilating currents, and in all probability would show a slight cap in the safety lamps. Generally speaking in this mine it was evidently the custom to ventilate the raises with small hand fans, and the hand fan seen at the face of number two south was evidently the only means used for ventilating the raises.

"The mine had been idle for two days previous to the explosion and no evidence has been produced to show that this fan had been kept running during these two days. So in all likelihood this raise would be full of gas. The fan being started the morning of the explosion, the gas from this raise would be blown out and go to the rest of the workings and liable to produce sufficient gas to show a cap."

"Were you the inspector," asked Mr. Palmer, "and saw the gas report of the fire bosses, what would you have done?"

Mr. Fraser: "I would have gone down in the mine and if I had found the gas reported, I would have ordered that the places be cleaned out and not allowed the gas to be removed over the miners at work in other parts. In other words, I would have stopped work in the mine."

### Canadian Woman Protests.

London, July 10.—A British Dominion women's suffragettes union has been formed here. Mrs. Leathes of Canada, at its inaugural meeting, protested against the treatment of women in the new naturalization bill.

# TORY GOVERNMENT PLAYS FINE TRICK BEFORE ELECTION

Cancels Commissions J.P.'s So Corruption May Continue Full Blast.

## VINCENT NOT WORKER FOR THE OPPOSITION

Voting Will Probably Be Very Heavy Despite Threatened Rain.

Winnipeg, July 10—After a brisk campaign and a fighting finish, Manitoba is voting today for a new legislature. Rain is threatened this morning, but it is probable that despite this fact a very heavy vote will be polled.

Charges and denials mark the party newspapers this morning. It is announced that the government has cancelled the commissions of Fred C. Hamilton and T. C. Keenleyside, said to be the only two liberal justices of the peace in Winnipeg. Just on the eve of election. It is asserted in the opposition paper that this was "for the obvious purpose of making it difficult for the liberals to swear out informations today in the event of electoral crookedness."

The government press refers to the charges made yesterday that detectives had secured inside information of the workings of the alleged conservative machine as a "transparent fake," "the joke of the campaign," and as a unique bit of fiction. On the other hand the opposition denies that George Vincent, who made an affidavit that he had distributed liquor in behalf of the liberal candidate in Kildonan and St. Andrews, was a liberal worker. Liberals charge a frame-up between Vincent and the conservative party.

At Portage la Prairie, Hon. Arthur Meighen repeated his charges that Rev. C. W. Gordon (Ralph Connor) had received dividends from a licensed hotel at Neepawa. Dr. Gordon replied that he had sold out his interest at a loss of $210 before the hotel came under license.

# PREPARES 30-PAGE REPORT ON STATUS OF OIL COMPANIES

On June 9 a committee was appointed by the Edmonton Industrial association to furnish data to the membership of the association dealing with the standing of all oil companies registered in Alberta. The personnel of this committee is as follows: George B. O'Connor, chairman; P. J. Mullen, H. C. Anderson, A. T. Harrar and August Wolf.

This committee has prepared with great labor an exhaustive report showing for each company: (a) capitalization, (b) names of directors, (c) whether non-personal liability or otherwise, (d) number of shares for promotion purposes (e) exact location and acreage of leases held (f) commission paid, (g) short description, (h) whether the prospectus is issued. This data is compiled from the registrar's office, and comprises over 30 pages. Owing to the length of the report it has been thought inadvisable to print it for general distribution. A copy may, however, be found at the associations office or at the office of any of the committee as above. This report is open without charge to all who wish to use it.

### Hurt by Jumping Car.

Superior, Wis., July 10—Sixteen working men were injured this morning when a Billings park street car jumped the track on the downgrade and plunged off the Twenty-first street viaduct for a drop of 20 feet. All of the victims are painfully cut and bruised, but none of their injuries will prove fatal.

### Ship's Machinery Breaks.

Queenstown, July 10—The Allan Line steamer Sicilian's machinery broke down when she was two days out from Havre, whence she sailed on July 3 for Montreal, and she has been forced to put back to this port. She has 250 passengers on board who are to be transferred to another Allan Liner on the arrival of the Sicilian here.

# ULSTER SITUATION SUDDENLY APPEARS AS GRAVE DANGER

Rival Volunteers Are Face to Face and Civil War May Break Out.

## LORD CLANWILLIAM WARNS THE COUNTRY

Declares That a Chance Encounter May Be Cause of Serious Strife.

London, July 10.—The Ulster situation has suddenly become one of grave danger. The rival volunteers are face to face, and civil war may break out at any moment. Lord Clanwilliam has warned the country at large that a chance encounter may lead to serious strife, and that the leaders of the Ulster volunteers would be powerless to prevent war spreading like wild-fire.

It is significant that a general officer in command of government troops in Ulster had an interview with the premier yesterday, no doubt to lay before him the gravity of the situation.

Meanwhile, Captain Craig, M. P., has been preparing the world for a big and sudden shock when the "Ulster provisional government" meets in Belfast today. Apparently some momentous step is to be taken, but at present its nature is "King Carson's" secret.

Captain Craig, when approached on the subject, said:

"Nothing has leaked out as to what is likely to be done at the meeting, but that something serious is contemplated goes without saying. It is necessary to strike a serious note because we know from private information that the situation is exceedingly delicate and about as black as it can be."

Captain Craig disclosed some of the provisions of the constitution of the Ulster provisional government. The following are extracts therefrom:

"We resolve not to admit or recognize the authority of an Irish parliament within the Ulster area or to return any person from the Ulster area to serve as a member in such parliament.

"To assume and exercise all such powers as the withdrawal of the direct imperial government from the Ulster area shall render necessary for the maintenance of peace, order and good government, and for the protection of the rights and liberties of all his majesty's subjects within the Ulster area, such powers to be assumed and exercised only in allegiance to the king and in trust for the constitution of the United Kingdom and to the intent that Ulster area shall continue an integral portion thereof.

"Upon the restoration of the direct imperial government, the provisional government to cease to exist."

While men were loading cement on the wharf at Stockton on Tees one of the bags burst, and among the cement were found a number of cartridges. Examination reveals a large number in the hold. The vessel sailed later for Belfast. The police have been informed that the police at Stockton seized four trucks in which cartridges were found mixed with cement.

A case containing 24 revolvers with 150 cartridges for each was seized at Londonderry.

Belfast, Ireland, July 10.—Full military honors were accorded the Ulster Volunteers today to Sir Edward Carson, the Irish unionist leader, when he arrived, with the Marquis of Londonderry, Viscount Castlereamh, Walter H. Long and Ronald McNeill, and another unionist member of parliament to attend the meeting of the Ulster provisional government.

A guard of honor composed of 400, armed volunteers and 50 armed motor cycle dispatch riders escorted the leaders to the residence of Captain James Craig, the military leader where they will remain for a week.

The intentions of the provisional government have not been disclosed, but one object of the meeting is the arrangement of an impressive celebration of the twelfth of July or "Orangemen's day" in order "to show the government and the people of Great Britain that nothing but the absolute exclusion of Ulster from the operations of the Irish Home Rule Bill will satisfy us."

Major General Sir Cecil Macready, who is in command of the military in the Belfast district, has been in conference with Premier Asquith regarding the situation and the police have been instructed to act with great care so as to give no excuse for an outbreak.

# CONSIDERS CANADA A SPLENDID FIELD FOR INVESTMENT

Saskatoon, July 10.—Sir A. Soulange, K.C.M.G., of Paris, France, a director in the Canada Mortgage association, broke his journey to the coast here. He stated that he was on his first visit of inspection of the company's loans which amounts to about $10,000,000, the bulk of which was placed in western Canadian city and farm property. He professed satisfaction with the prosperity of the country which, he is satisfied, is a splendid field for investment and said that before many years the investments of his company in the west would be doubled. The stock of the Canada Mortgage association is all held in France.

### Report is Unanimous.

Quebec, July 10—There is to be no dissentient report on the collision between the Empress of Ireland and the Storstad. The findings, which Lord Mersey will read in the court house here at 10 o'clock on Saturday morning, will be the unanimous decision of the commission.

All the members of the commission have concurred in the report and signed it.

# HINDUS ABOARD THE KOMAGATA MARU SEND AN APPEAL FOR FOOD

Vancouver, July 9.—An appeal by the Hindus on the Komagata Maru for supplies of food to their counsel, Mr. J. E. Bird, has led the latter to write to the immigration officials stating that as the Hindus are being held for deportation they are under arrest, and that it is therefore the duty of local immigration officials to send food aboard the ship, failing which they do so at their peril.

The question came to a head today when the appeal was received couched in pathetic language and stating that they had not had anything to eat or drink for three days. As a result of the letter from Mr. Bird the immigration officers went on board, their appearance being the signal for an incipient riot.

The Hindus brandished all sorts of weapons and kept up a fierce tumult for a considerable time, though Mr. Hopkinson, one of the officials, addressed them in their own language, assuring them that everything would be done that was possible to allay their sufferings.

When about to leave the vessel, the voice of Dr. Bagunath, who is the regimental surgeon of the native army corps in Hong Kong, was heard shouting that the Hindus had threatened to kill him and Gurdit Singh joined in an appeal to the officials to save them from the fury of their followers. Instructions were at once given to the Japanese crew to protect both of them and an assurance was given that the order would be attended to.

# SAYS WITNESS HAS TAKEN BACK A PART OF HIS TESTIMONY

Mineola, N.Y., July 10.—The battle to free Mrs. Florence Carman, locked up in the Nassau county jail here, accused as the assassin of Mrs. Louise Bailey, has been begun by George Levy, her attorney. Levy began by having District Attorney Smith informed that he had secured an affidavit from the witness, George Golder, in which he repudiated a part of his testimony at the inquest. Then he attacked Elwood T. Birdes, the insurance agent, whose story of seeing outside Dr. Carman's office window a tall, well-built woman, dressed in a dark skirt and a white shirt-waist, was directly responsible for Mrs. Carman's arrest.

The grand jury agreed to a request of District Attorney Smith to defer all investigation of the death of Mrs. Bailey and the alleged complicity of Mrs. Carman until Tuesday next. The district attorney said he wanted time to prepare his case.

Unless other arrangements are made before then, Mrs. Carman will be taken to Freeport on Monday for a hearing before Justice of the Peace Norton, who as coroner, caused her arrest.

### Canada Reported Sound.

London, July 10.—Eric Hambro, presiding at the Investment Corporation of Canada meeting, announced that the board is considering the advisability of borrowing short term debentures because it found it impossible, owing to the condition of the market and the demand by the investing public for a higher rate of interest for all securities, especially Canadian, to issue any debenture stock at a price, except one that would be damaging to the credit of the company. The company's manager in Canada reported that confidence had been established throughout the whole country and that underlying conditions were sound.

# BANNER YEAR FOR MEMBERSHIP IN THE TRADES UNIONS

Ottawa, July 10.—Despite the fact of the business depression and the large number of workers on the unemployed list, 1914 bids fair to be the banner year as far as increased membership of the many trade unions goes in Ottawa, and reports indicate that a similar state of affairs exists in many others of the large industrial centers.

The labor union membership at the end of June in the capital was 4,500, an increase of several hundred over the corresponding period last year. During the first months of the year also there were three new unions formed, making the total 58.

A significant fact is that the unemployed are seeking organization, the slack times apparently driving home to the non-union element the truth that in times of business depression the union has made a decided advantage.

# BOTH SIDES ARE CONFIDENT AS TO MANITOBA RESULT

Attorney - General Concedes Liberals 17 Members or Four More Than Before.

## NEW HOUSE TO HAVE ADDITIONAL SEATS

T. C. Norris, Opposition Leader, Predicts Government Will Be Beaten.

Winnipeg, July 10.—Election eve in Manitoba finds both parties rendering a whirlwind finish and both confident of success, both awaiting the final verdict of the electorate with considerable optimism. Sir Rodmond Roblin, premier, has placed before the public a summary of the 14 years record of his government, and of its legislative accomplishment; T. C. Norris, leader of the liberal opposition, appeals to enfranchised Manitoba on a platform of what he describes as progressive and introducing new forms of government and corrective in the repeal of what he believe to be unwise legislation, instancing the Coldwell school amendments.

Sir Rodmond, in reviewing his record, points to the establishment of the public utilities commissioner, and the appointment of Judge Robson to that office, an office conceded by both parties to be wisely conducted by Judge Robson. The extension of the Manitoba boundaries by arrangement with the dominion government is also held to be one of the outstanding features of the Roblin administration.

### Charges of Corruption

The liberal party, however, contends that Sir Rodmond's administration has not been as clean as it might have been, and assert: "It's time for a change." Allegations of a corrupt machine and of illegal practices in conducting elections are also made, which are refuted by the conservative party, and similar charges made against the liberals. The liberal platform of compulsory education, banish the bar referendum, direct legislation and woman suffrage has received support from outside sources, the temperance stand taken by the party receiving the support of a section of the clergy and the education platform the approval of the orangemen.

Both parties have stumped the province vigorously, an unusual feature being the tour of Mrs. Nellie McClung, who has been making arms speeches on behalf of woman suffrage. Mrs. McClung held her final meeting in the convention hall last night, 5,000 people being present.

### Eight More Seats

The new house will have 49 seats, as against 41 in the last legislature. The standing following the election of 1910 was: Conservatives 27, liberals 13, government benches being increased by the addition of Dr. Cook, elected by acclamation for the new constituency of Le Pas. There have been by-elections since 1910, the government candidate in each case being victorious. Four of these by-elections went by acclamation. Hon. George Lawrence, appointed minister of agriculture in 1911, was returned by acclamation, as was also Hon. Jos. Bernier on his appointment as provincial secretary in 1913. The appointment of Hon. Robert Rogers to the dominion cabinet, caused a vacancy in Manitou in 1911, to which George Morrow was elected by acclamation. The entry of Hon. Dr. Montague into the cabinet caused a by-election in Killdonan and St. Andrews, in 1913, when Dr. Montague defeated A. R. Bredin.

### Changes in Winnipeg

There are many changes in the Manitoba constituencies map, following the redistribution of January, 1914, the most notable being in Winnipeg, where the four constituencies were merged into three, and two members granted to each seat. The added territory is also given increased membership; Le Pas, which embraced the whole of the northland, being split into The Pas, Norway and Split Lake, and Nelson and Churchill. Avondale and South Brandon, both former conservative seats, have been split up and divided among surrounding constituencies, including the new constituency of Glenwood. Morden (B. J. McConnell, liberal),) has disappeared, part being added to Manitou and part to Rhineland, making the present Morden and Rhineland. Springfield (D. A. Ross, liberal) also is divided, part going to the new Elmwood constituency and part to New St. Clements. Assiniboia, (A. Bennett, conservative) loses a section to become the new seat of Iberville, while Gimli (E. L. Taylor, conservative) also is broken into Gimli and St. George. In the metropolitan area of the province all constituencies are readjusted, and two new divisions, Roblin and St. Rose, appear on the map.

### Old Members Running

With but few exceptions all the old members are running for re-election. In Winnipeg T. W. Taylor, conservative, and S. Hart Green, liberal, have retired, while in the country the most notable withdrawal is that of Hon. Colin H. Campbell, former attorney-general and later minister of public works, who was compelled to resign his portfolio and later his seat, through ill health. Other members who will not enter the contest are J. Argue, conservative; A. H. Carroll, conservative, and W. D. McDonald, liberal. J. W. Thompson, liberal member for Minnesota, died just prior to prorogation of the last house, and his place in the ranks will be taken by G. A. Grierson.

There is only one acclamation, that of Renard, conservative, being elected for Iberville, L. Picard, withdrawing from the field. The elections in the three northern constituencies are deferred, the date of only one, Le Pas, July 20, having been announced.

As to the number of seats each party expects to carry, Hon. J. H. Howden, attorney-general, concedes the liberals 17 seats at the most, or four more than in the last election. The liberals themselves expect to carry about26, which would mean a change of government. The leaders have issued no estimate although Sir Rodmond, at a recent meeting said he would grant the liberals only one safe seat. Mr. Norris has declared he "expects to win," but has not specified which seats the party believes it will secure.

### Aeroplanes In Collision.

Gatonina, Russia, July 10—Two military aeroplanes collided near here yesterday. Lieutenant Schenshon, the pilot of one of the aeroplanes, was killed, and the pilot of the other, Lieutenant Naggornoff, badly injured.

Zobrale, I have seized the following goods, namely: 1 large writing desk, 1 heater, all chairs and fixtures, which I will expose for sale on Friday, the 16th day of July, on premises 244 Fraser avenue, at 8.30 p.m.

Signed J. J. CREIGHTON,
Bailiff.

## WEAK, TIRED FOLKS GIVEN NEW VIGOR

Strength Returns, Health Renewed, Vitality of Youth Re-Created.

Exhaustion and Bodily Tiredness Every Day Being Turned Into Vigor and Ambition by Dr. Hamilton's Pills.

From Cheboque Pt., N.S., comes the following from Mrs. W. A. Reynolds: "A year ago my health began to fail, I lost appetite, became nervous and sleepless. My weight ran down, I became thin, hollow-cheeked, and had black rings under my eyes. I really felt as if the charm of life had left me and when springtime arrived I was in the 'blues.' I read of Dr. Hamilton's Pills and got five boxes at once.

"Within a month my appetite and color were good. I gained strength and felt like a new woman. New life and vigor returned, and my friends scarcely knew me. Such a medicine that will do this should be in every home."

Good health means much to you. Success and happiness depend upon it. The maintenance and source of health is found in Dr. Hamilton's Pills, 25c. per box, or five boxes for $1.00, at all druggists and storekeepers, or by mail from the Catarrhozone Co., Buffalo, N.Y., and Kingston, Canada.

## NOTICE

Office of Jas. A. MacKinnon,
Suite 706 Tegler Block,
Edmonton, Alta., July 6, 1914.

**In the Matter of the Estate of George L. Robinson, Insolvent, Round Hill and Haight, Alta.**

NOTICE is hereby given that the above named Insolvent, George L. Robinson, who has been carrying on business as General Merchant, in the Villages of Round Hill and Haight, in the Province of Alberta, has made an assignment of his estate to me, for the benefit of his creditors, under the Assignments Act of the Province of Alberta.

The creditors are notified to meet at my office, Suite 706 Tegler Block, in the City of Edmonton, at 3.30 o'clock in the afternoon of Tuesday, the Fourteenth day of July A.D. 1914, for the purpose of receiving a statement of the affairs of the above-named Insolvent, for the appointment of inspectors and the giving of directions with reference to the disposal of the estate.

All persons claiming to be entitled to rank must file their claims, accompanied by Statutory Declaration, with me on or before the Thirty-first day of August, A.D. 1914, after which date I will distribute the assets thereof, having regard to those claims only of which I then have received notice.

JAS. A. MacKINNON,
Official Assignee.

# YOUNG GIRL ON STAND TELLS OF "PROTECTION"

(Continued.)

fered him a job and asked him to go with him. They went into the shooting gallery next door and witness was asked to go behind a curtain. When he went behind he was told he would have to play a rolling game. Witness was scared and pulled his money out of his pocket and put it on the table. He rolled a ball once and then a young man grabbed his money and ran out of the shooting gallery with it. He complained to the police and later Detective Coleman gave him $120, saying: That's all I can get." Coleman subsequently told him that the men were still in town and that he would try to get some more, but afterwards said he could not get any more.

### Mayor on Stand.

Mayor McNamara went into the box and was informed of some of the statements made about himself. The mayor said he had seen Seymour's statement to the effect that he (the mayor) had asked him to get Lancey to work for him and Seymour that he intended dismissing Chief Carpenter.

"It is absolutely without foundation," said the mayor. "I had spoken to no one about the dismissal of Chief Carpenter. In fact I had not even considered it myself. He also says, or is reported to have said, that I was piqued at being brought into court and that was one of my reasons for dismissing Carpenter. There is absolutely nothing to that."

The story that he promised to see that certain dismissed officers were reinstated was absolutely denied.

Mr. Biggar: Can you explain ex-Deputy Chief Wright's electioneering on the ground that Lancey and he were to be reappointed?—That was not on the ground of anything I said.

### Discussed No Policy.

Seymour says that you discussed with him prior to the election the "doors ajar policy"?—That is not so.

Seymour says you told him that street walkers were to be rounded up, but that you saw no harm in a girl running a house by herself? The first part of the statement is true, but I said nothing about girls running houses by themselves.

Did you say that Mr. Booth was the head of the Knights of the Columbus and that he was working for you? I had no such conversation prior to the election. There may be one or two statements in what Seymour says which may have been made by me prior to the election, but the general tone of that is wrong.

It is true that you said Wright, Carroll and Edwards were going to be taken back because they were working for you in the election? No, that is false.

### Did Not Approach Lancey.

Mr. Lancey says he did not come to you at all, but that you came to see him about his taking the appointment asking him whether he would like his old job back? No; that did not happen.

Lancey says: "I did not approach Mayor McNamara; Mayor McNamara approached me." Is that correct? That is absolutely incorrect.

Did you say that you did not want the town wide open, but that you did not object to houses being allowed to run? No; there may have been a conversation regarding his manner of dealing with police matters. I never expressed any opinion as to how the town should be run.

Did you make a statement about telling the houses to move when complaints were made? No, I did not outline any such policy.

Mr. Clarke says it is the policy of the police administration was to allow houses to run in certain districts? I don't know where Mr. Clarke could get that idea. He had no conversation with me.

Was there any such policy? Absolutely none.

### 'Evidence Absolutely False."

Mr. Biggar must be wrong in understanding that? He is wrong and knows he is wrong.

Then the evidence that he has given here is absolutely untrue? Yes, absolutely.

Was there a meeting held at the Tegler block when such a policy was decided upon?—It is absolutely false; there was no such meeting. Police matters were not discussed, beyond the effect of the investigation then being considered upon Mr. Lancey's duties as chief of police. Such a policy has never been mentioned to me by any alderman since I took office.

There is a discrepancy between what Mr. Booth and Mr. Lancey say regarding the purpose for which private detectives were employed at your expense?—It was for the purpose of finding out whether protection money had been received by members of the force.

### "Was No Caucus"

Mayor McNamara added: "There seems to be an impression that the appointment of Chief Lancey was in accordance with something which had been resolved upon at a political caucus. It is absolutely untrue. No such pact ever existed and I certainly was never approached by anybody with regard to it and never had it in my own mind."

In reply to Justice Scott, witness said he had nothing to do with the appointment of commissioners, other than as a member of the council.

Justice Scott: Mr. Booth says he acceded to your request "as you were the boss." What did he mean?—Witness: I suppose he meant that in a matter of that kind where I had taken the trouble to look into the matter he would be guided by my advice.

### Mr. Newell's Questions

C. F. Newell cross-examined witness, on behalf of ex-Chief Carpenter.

The mayor said that he resolved upon the dismissal of Carpenter, "because he did not want him," and asked Commissioners Booth and Saunders to support him in securing his dismissal. This they did. Commissioners Chalmers and Harrison, he believed, voted against it.

M. Newell: Mr. Booth and Mr. Saunders had only been in office 36 hours?—Just a very short time.

And they had to do with commissioners or aldermen in the city before?—No.

### "Political" Says Clarke

Alderman Clarke objected that these questions were political and had nothing to do with the purpose of the investigation.

Mr. Newell: I am not trying to be political.

Alderman Clarke: Excuse me, I object to the style of political clap trap that Mr. Newell and Mr. Ewing are giving.

Mr. Newell sought to put questions about what happened at meetings of aldermen at the mayor's house.

Justice Scott said he was not concerned with the propriety or impropriety of Mr. Carpenter's dismissal, but allowed Mr. Newell to put his questions.

Mr. Newell: Mr. Clarke was not present at those meetings, but he was represented by an agent?—He had some one there to give his point of view.

Mr. Newell: All right; I will not ask who that was.

In reply to Alderman Clarke, Mayor McNamara spoke of receiving a telephone message on the eve of the election asking him to visit the Great West club and assuring him that "there was money enough to cover all the bets he liked to make on the election." The Great West and other clubs were raided that night and he reported that attempt was made to entrap him.

"They nearly got some one very close to me," added the mayor.

Mr. Newell: This is getting close to municipal politics.

Mr. Clarke: Yes, this is real politics. (Laughter).

Alex Benson, of the south side, gave evidence that he was not the owner of certain property on the south side on which there was said to be a house of ill fame.

Mr. Biggar admitted there had been a mistake in regard to Mr. Benson.

City Assessor Walker and Building Inspector McIver gave evidence amending the list of owners of premises said to be occupied as houses of prostitution, and adding a few more names.

Hilda Holte was next called. Witness is an unusually pretty girl and was tastefully dressed. She gave her evidence with considerable shyness. She told of her escape from the Convent of the Good Shepherd together with Daphne Lillavce, and said that they made up their own minds in the matter. She said they went to 26th street and 'phoned for a taxi cab, in which they went to the Gibson block. Daphne knew a taxi driver. From there they went to the Empire Cafe on the south side. While there a man named "Slim" Braley met them and took them to a shack to live. Braley supplied them with meals. She said Braley worked for the Edmonton Cartage Co. Afterwards, Braley took them to a tent. There Braley brought another man and his brother to see them.

Witness said George Nicholson had taken her to the St. Regis hotel, engaging a room after a conversation with Manager Allen and giving her the key. Allen smiled when she went in about 10 minutes after Nicholson. The latter spoke as though he paid Allen money, saying "whenever he wanted to he could fix it up with Allen." Nicholson also said that he was on good terms with Chief Lancey, that he knew women who paid protection and were not touched, and that they paid $100 per month to Chief Lancey.

The court then adjourned for lunch.

# SCREAMED WITH PAIN OF SCALDED LEG

And Foot. In Bad State. Inflamed and Festered. Could Not Sleep. Completely Cured by Cuticura Ointment in Short Time.

Middle La Have, N. S.—"My sister scalded her leg and foot very badly with a pan of boiling water. She suffered very much and her leg was in a bad state. The skin was red and inflamed and festered. She suffered dreadful pain. She scalded it in the evening and could not sleep that night and could not bear to have anything near it.

"We tried —— and —— and then some —— but everything seemed to make it worse and she just screamed for pain. I told my mother about Cuticura Ointment and we got a box immediately and bandaged up her foot and leg. Two applications made quite a difference and we kept on using it and in a short time her leg and foot were completely cured." (Signed) Miss L. Parks, May 17, 1913.

## TO REMOVE DANDRUFF

Prevent dry, thin and falling hair, allay itching and irritation, and promote the growth and beauty of the hair, frequent shampoos with Cuticura Soap, assisted by occasional dressings with Cuticura Ointment, are usually effective when other methods fail. Cuticura Soap and Cuticura Ointment are sold by druggists and dealers everywhere. A single set is often sufficient. For a liberal free sample of each, with 32-p. book, send post-card to Potter Drug & Chem. Corp., Dept. D, Boston, U. S. A.

# MALE IMPERSONATOR RETURNS TO LIFE IN WOMEN'S WORLD

The pretty Russian girl, Agata Szilt, ex-male impersonator, who was in the police court last week dressed in men's clothes, and charged with vagrancy, presented a different appearance in court this morning dressed in the regulation attire of women. Agata's face is still tanned and her hands still calloused, and her hair is still short, but she has women's clothes, waist, skirt, hat and all the rest.

The fact is that instead of being deported to the States, she was taken in charge by the local Salvation Army, dressed up and cleaned, and found a home in the city where she is to work, earn her wages, and live in among city surroundings.

She has proven herself to be a good cook and a splendid housekeeper, and will be given a chance to make good in a womans' world. Since coming to America five years ago, Agata had worked hard and earned much money, and to her young sisters and brothers back home in Russia she has sent $620 during that time, and her sole ambition now is that she may earn enough money to buy for herself a couple acres of land and a horse, and acquaint herself with the farm life she has been so familiar with during her five years' existence as a man.

# GUAYMAS REPORTED AS BEING EVACUATED BY FEDERAL FORCES

Saltillo, Mex., July 9, via Laredo, Tex., July 10—Guaymas, one of the most important seaports on the Mexican west coast, was evacuated by federals last night, according to advices to General Carranza.

### Murder Jury Discharged.

Genera, Ills., July 10.—The jury in the case of Anthony Petras, accused of the murder of Theresa Hollander last winter, disagreed and was discharged at 9.30 this morning by Judge Irwin.

Theresa Hollander was dragged into a graveyard on the outskirts of Aurora and stabbed to death on the night of February 16 last.

Her body was discovered an hour later lying in the snow with her arms broken and her skull fractured. Robbery was not the motive, as all her belongings were intact.

The state tried to prove that a knife found near the body belonged to Petras.

Miss Hollander and Petras had been sweethearts up to a year before the crime was committed. It was brought out at the trial that the girl's parents caused a break between the two.

Shortly after that Petras married Miss Meta Mathews. She sat with Petras throughout his trial and encouraged him. The trial began June 22.

### Whole Family Drowned.

Brantford, Ont., July 10.—Late last night a whole family was wiped out by a tragic drowning accident on the Grand river near Sour Springs. Thomas Garnet, a well known and well-to-do farmer of Onondaga township, was rowing his family home in a row boat. With him were his young son, aged about 10 years; his daughter, two years younger; a maid and a hired man. How the boat upset has not yet been ascertained. Garnet, with his two children and the maid, were drowned, while the hired man succeeded in getting to the river bank. He tried to save the boy, but was unsuccessful. He at once gave the alarm, but it was too late.

### Plans to Prevent Disease.

Toronto, July 10.—"That in the opinion of the Ontario medical council of the college of physicians and surgeons owing to the number of unfortunate deaths during the past year it would seem a very wise provision toward the preservation of human life for every individual to submit to a physical examination at least once a year, so that any diseases or bodily ill could be detected before they advanced to a dangerous degree."

This resolution, prepared by Sir James Grant, of Ottawa, met with unanimous approval of the delegates to the annual meeting of the medical council now in session in Toronto.

### Publishers in Session.

Toronto, July 10.—The sixth annual meeting of the Canadian Press association opened in the King Edward hotel yesterday, where there was a large representation of publishers and editors from all portions of the dominion.

At the afternoon meeting the following officers were elected:—Daily section: Chairman, J. G. Eliot, The Whig, Kingston; secretary-treasurer, R. F. Parkinson, Ottawa. Executive: A. C. Hunt, Regina Leader; L. H. Dinsman, St. Thomas Times; Frank Carroll, Quebec Telegraph; E. W. McCready, St. John Standard; M. R. Jennings, Edmonton Journal.

### Chamberlain Not Opposed

London, July 10.—Austen Chamberlain is returning to parliament unopposed for West Birmingham, the seat held by his father, Joseph Chamberlain. The Liberals have also decided, in view of the recent death of Joseph Chamberlain, to defer fighting Austin Chamberlain's old seat East Worcester, until the general election.

### Steamer is in Distress.

Newport, R.I., July 10.—A message was picked up here last night from the naval wireless station at Arlington, Va., saying that the steamer Atlantic City was in distress three miles northeast of Barnegat light buoy and in need of assistance. The message was addressed to the revenue cutter Onondaga.

### Robbers Hold Up Train.

St. Louis, July 10.—The Missouri and Texas railway "Katy Flyer" was held up by train robbers and the safe dynamited at Matson, Missouri, about forty miles southwest of here, according to a report which reached the St. Louis police late last night.

### Denies He's The Man.

David Prentice, plumber, wishes to state that he is not the David Prentice mentioned in connection with the First street opium raid.

# MRS. TWYFORD'S APPEAL HAS BEEN ALLOWED BY SUPREME COURT EN BANC

The supreme court of Alberta en banc have just given judgment unanimously allowing the appeal of Mrs. Charlotte Twyford and her brother H. A. W. Twyford from the judgment of Mr. Justice Walsh given last year in the action brought by them against James A. Powell, Oscar Bishopric and E. D. Grierson. The action was for the return of $8,000 paid by Mrs. Twyford and her brother upon the incorporation of the Morinville Milling company in March, 1912. The plaintiffs claimed that they had been induced to invest the money owing to the fraudulent representations of the defendants. The trial judge found that the defendants, Powell and Bishopric were guilty of misrepresentation but held that the plaintiffs' action was barred by the Statute of Limitations. From that judgment the plaintiffs appealed to the supreme court en banc, and the judgment just delivered allows the appeal as against Powell and Bishopric. Chief Justice Harvey writes the judgment of the court, which was concurred in by Mr. Justice Stuart and Mr. Justice Simmons. The court holds that where the defendants have been found guilty of fraud as in this case, the Statute of Limitations is no bar to the action.

C. A. Grant, K.C., for the appellants; C. C. McCaul, K.C., and H. H. Parlee, K.C., for the respondents.

### S. O. E. vs. C. P. R. Painters.

A football match will be played between the above teams Saturday evening on the south side exhibition grounds Play to commence at 7 o'clock sharp. The following players will represent the S. O. E. team: B. Jones, Elrick, Hudson, Neal, Ramshaw, T. Patton, T. Atkinson, W. Gough, A. Bankes, E. Sheldon and Milbourne.

### Wabamun Picnics Tomorrow.

Two special trains will leave the city for Lake Wabamun tomorrow. At 9 a.m. the builders' exchange special will pull out, and at 12.15 noon that of Marshall-Wells Alberta company. Both of these institutions will hold their annual picnics at the famous G.T.P. resort during the day and return via their special trains at night. The 9.15 train leaves every evening.

### Great Camp Meeting Tonight.

The great ten-day camp meeting on corner of Norwood boulevard and Henry street begins tonight at eight o'clock. Evangelist T. C. Henderson of Columbus, Ohio, who will have charge of the meeting in the city today. Meetings on Saturday and all the following days at 10.30 a.m., 2.30 p.m. and 8 p.m.

### Judgment For Wright.

Order for payment upon the city of Edmonton for $330 and costs was given in the police court this morning by ex-captain John Wright, who was dismissed by chief of police Hill. Wright worked three days in July and will receive payment for the whole month and also one month's salary in lieu of notice.

### Band Practice Tonight.

The next practice of the 101st band will be held this evening.

### Australia to Send Warship.

Sydney, N.S.W., July 10.—The minister of defence has requested the American government to notify him definitely of the date of the naval parade in honor of the opening of the Panama canal, and the place at which the fleet will assemble, as Australia intends to send a warship.

### Under a Heavy Fire.

Washington, July 10.—How forty-two Americans and Porto Ricans, refugees in the besieged city of Puerto Plata, were taken out and safely landed on the revenue cutter Algonquin, June 28, under a heavy fire from Dominican federal troops, and the Legalistas, was related in detail in reports received yesterday at revenue cutter headquarters.

## SIR EDWARD CARSON IS GIVEN FREE HAND ON CALLING TO ARMS

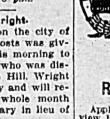
Belfast, July 10—The "provisional government," formed by the Ulster unionists, at its first meeting today gave Sir Edward Carson a free hand to take whatever action he may think necessary in calling the Ulster volunteers to arms. The men were declared ready for mobilization at a moment's notice.

Sir Edward Carson in a speech declared that the time had come for the loyalists of Ulster to translate their words into action. He said something must be done to compel the British government to make up its mind. Ulster, he concluded, was anxious for peace, but was not going to accept peace with surrender.

London, July 10—A special despatch from Cairo, Egypt, says the Anglo- Egyptian members of the Ulster volunteers have received cablegrams calling them back to Ulster.

### Recount in East Lambton.

Watford, Ont., July 10.—County Judge Mowatt has granted H. J. McCormick's application for a recount in connection with the East Lambton provincial election contest, and it will be held at Sarnia on Monday next.



## Liquor License Ordinance

### Application For Transfer of Retail Liquor License.

Application has been made by the Fairview Hotel Company, Limited (Mr. Reid, Sec'y), for consent to the transfer to itself of the license granted John G. Connelsmen at a meeting to be held in the Court House, in the Juvenile Court Room, Edmonton, on Wednesday, August 5th, 1914, at 10 o'clock a.m.

Dated at Edmonton, this 9th day of July, 1914.

JOHN D. HUNT,
Deputy Attorney General.

## Liquor License Ordinance

### APPLICATION FOR Transfer of Liquor License

Application has been made by The Grand Trunk Pacific Development Company, Limited, for consent to the transfer to itself of the license granted William G. Girvin, in respect to the Grandview Hotel, situate on Block "A," part of River Lot eight (8), Edmonton, Alberta.

If necessary this application will be considered by the Board of License Commissioners at a meeting to be held in the Court House, Juvenile Court Room, Edmonton, on Wednesday, August 5th, 1914, at 10 o'clock a.m.

Dated at Edmonton this 9th day of July, 1914.

JOHN D. HUNT,
Deputy Attorney General.

# Nettleton Shoes For Men

Just received another large shipment of this famous make, in vici kid, gunmetal, black Russia calf, tan Russia calf and patent leather, made over such lasts as Tarsic, Kermit, Corinthian, Norfolk and Jap.

The purchaser will find Nettleton Shoes the best paying shoe investment he can make, if he figures his foolwear bill by the year instead of by the cost per pair; and the results will prove no grumbling that shoes of less quality will have no attraction

# CITY WILL PAVE 109TH AND 121ST STREET AT ONCE

## Important Local Improvements Decided by City Council Last Night.

### SECOND AVENUE S.W. ALSO TO BE PAVED

### Commissioners Are Authorized Spend $2,000 on Lowering McKernan's Lake.

Some important local improvement will be carried out this season, according to resolutions passed at the city council last night.

The paving of 109th street from Jasper to the C. N. R. tracks was resolved upon on the motion of Alderman Sheppard seconded by Alderman Clarke. Commissioner Saunders advised that the cost of the paving would be $32,400. It was stated that the C. P. R. do not intend to pave the land in front of the depot this year.

On motion of Alderman Clarke, seconded by Alderman Sheppard, the commissioners were authorized to proceed with the paving of Second avenue southwest from Main street to First street west, at a cost of $10,065.

**Pave 121st and 109th**

The public works' commissioners' report that a 20-foot strip on 121st street be paved at an approximate cost of $14,861, the work to be included in this year's program was carried on the motion of Alderman May, seconded by Alderman Clarke. The paving will extend from Jasper to the C. N. R. tracks.

Mr. Alex May, of the Edmonton Garage, limited, appeared to represent a number of business firms on 121st street, north of Jasper, including the Imperial Oil company, the Edmonton Brewing and Malting company, the Riverside Lumber company, the Edmonton Tennis club, the Edmonton Garage, limited, and a number of residents.

**McKernan's Lake**

McKernan's Lake is to be reduced to its former level and relief given to flooded districts by a proper system of pumping and draining. If it can be done for not more than $2,000 as the commissioner of public works says it can. This action was decided upon on the motion of Alderman Sheppard, seconded by Alderman Clarke. Prof. Alexander appeared before the council in reference to the matter and referred to the flooding of the car tracks which had caused this particular line to be put out of commission.

# COUNCIL DECIDES MUNICIPAL PAPER NOT WORTH MONEY

## Gazette Has Fallen on Evil Times; Will Only Be Published Monthly.

### ALD. CLARKE THINKS IT SQUANDERS BILLS

### No More Verbatim Reports of Utterances of Local City Fathers.

The Municipal Gazette has not proved satisfactory to the members of the council, and instead of publishing it weekly they propose to make it a monthly publication in future. This was agreed upon, at Thursday night's meeting, when, in accordance with the request of Ald. Calder at the previous meeting of the city council, the report on the cost to the end of June of the Official Gazette was presented at Thursday evening's meeting and showed a net expenditure of $7,282.14. The expenditure in detail was: Stenographic service, etc., $610.25; engraving and photographs, McDermid Co. $40.30, Byron May Co. $175.85; Douglas Co., printing, publishing and delivery, $7,277.90; and transportation, $8.05. Revenue from departmental advertising amounted to $850.21.

As a result of the discussion and a recommendation from Mayor McNamara, the Official Gazette will only be published once a month instead of each Thursday as heretofore. The mayor is of the opinion that by this method the Gazette will be run at an annual cost of $2,500.

Ald. Clarke observed on the matter: "I am of the opinion that we are spending an astounding amount of money simply to tell the people of the city of their business and how it is being conducted. I estimate that the McIntosh, Hyde report and police investigation and the Gazette will run up to about $50,000, which amount will run a pretty fair sized town back east. Some people undertook to have this Gazette and we supported, but, as I have said before, it is absolutely impossible to report the council meetings here, and it would be as hard as it would to report the house of commons. I think the verbatim reports should be cut out and the sooner we cut out an expense of this kind and have it curtailed the better, in order not to squander the citizens' money."

The Gazette in future will not have verbatim reports, but only the minutes of all meetings of the commission board and the city council.

## COUNCIL NOTES

A communication from M. D. McLennan, with regard to "a flock of 1,000 sheep from entering gardens and otherwise proving a nuisance" in the Fredericton district was filed.

A letter from the board of trade, asking that the use of garbage from hotels for hog feeding be prohibited, was referred to the commissioner of health and safety.

The request of the Alberta Provincial Rifle association for assistance in financing their meet on July 14 to 17, was turned down.

The question of paving the lane east of 97th street was referred to the commissioner of public works.

The matter of constructing a plank sidewalk or regular 5-foot sidewalk on Gibbard street was left to the public works commissioner.

A communication from the food inspector in regard to infractions of the bread by-law was filed without any action being taken.

Permission was given for the construction of a spur track to the A. Macdenald's property on Columbia avenue.

# MONDAY, JULY 27, FIXED FOR CIVIC ANNUAL HOLIDAY

## Date Approved by Commercial Travellers and Retail Merchants of City.

### WILL ALSO BE DAY OF GOV.-GENERAL'S VISIT

### Increases of Salary for City Relief Officer and Warden at Prison Farm.

The annual civic holiday will be observed this year on Monday, July 27. This was decided upon by the council last night.

Alderman East reported on the matter as follows:

"After consulting with the Retail Merchants' association and other interests in the city, I am agreed that the suggestion to make Monday, July 27, a Civic holiday, should be acted upon.

"This date having been chosen by their royal highnesses the Duke and Duchess of Connaught for their visit to Edmonton, should be appropriate for the Civic holiday, and in addition would meet the wishes of the commercial travelers."

**Salaries Increases.**

The recommendation of the commissioners that F. W. Lyons, warden of the city farm, and T. R. Turnbull, civic relief officer, should receive advances in salary from $1,800 to $2,200 per annum, and from $125 to $150 a month respectively, were adopted by the council. Ald. Clarke considered it "absolutely absurd to bring in isolated cases when there are so many in the city's employ getting the low rates they are and doing four times the work." Ald. May moved that the original motion of increases to several other employees should be adopted, but he could get no seconder.

**Hillcrest Funds.**

Commissioner Booth, as a result of his enquiries into the Hillcrest funds of the province, did not feel warranted in recommending the city council to make any grant, as he had been unable to find any responsible fund. His recommendation to the council that no grant be made was adopted.

Commissioner Harrison stated in his report to council that there was nothing provided for in the capital estimates for this year for the erection of a fence around the South Edmonton athletic grounds. He was of the opinion that as it was a permanent improvement, it should be paid out of the capital moneys, and so it would be necessary to provide funds for the same out of current expenditure on a supplementary estimate.

### SIDEWALK BEING USED AS RAILWAY; RESIDENTS OBJECT

The following letter was read at the city council meeting last night:

"We, the undersigned property owners of Edmiston street, hereby strongly protest against the Rendall, Michie & McKay Lumber Co. using our sidewalk for a railroad.

We are convinced that the said company cannot, without any regard for the rights of the property owners or the authority of the city, appropriate to themselves our sidewalk in this way for their own special benefit, and we would respectfully ask that the council exercise the necessary authority to see that the said railway be taken off our sidewalk at once.

Signed. G. J. Maggott and seven others."

The commissioner of safety and health was instructed to take action at once.

**Paris Authorizes a Loan.**

Paris, July 10.—The municipal council of Paris yesterday authorized the issue of a loan of $44,000,000 at four per cent., forming the second instalment of a municipal loan of $180,000,000 voted by the council in 1913.

# VILLA HAS VOTED AGAINST INFORMAL PEACE CONFERENCE

Washington, July 10—General Villa has voted against informal peace conferences between representatives of the constitutionalists and the Huerta government as proposed by the South American mediators. His attitude was revealed in a telegram sent to General Carranza, copies of which have been received here.

The information together with information that General Pablo Gonzales, chief of the division of the east of the constitutionalist army, is opposed to the conference, has upset the hopes of constitutionalists here. General Alvaro Obregon, commanding the division of the northeast, is the only one of the three chiefs commanding the main columns of the constitutionalist army who has not been heard from, but inasmuch as his forces are near Guadalajara and in striking distance of Mexico City, it is believed he will not agree to any parleys at this time.

Rafael Zubaran and Luis Cabrera, representatives of General Carranza, declined to make any comment on the situation. From other constitutionalists who would talk, it is learned there was a misconception among the constitutionalist generals of the things to be discussed at the conferences. Local constitutionalists are therefore considering the advisability of sending Romero to Saltillo to explain in person the argument for holding the conferences.

The telegram from Villa to Carranza, advising the rejection of the invitation extended by the mediators for informal conferences was phrased in emphatic terms. He declared there should be no parleying with Huerta except on the battlefield.

Carranza and Villa have temporarily at least patched up their differences, was announced today by persons in communication with General Carranza. The military campaign of the constitutionalists against Mexico City now will be pressed forward as soon as more ammunition is obtained, which is expected to be within a few days.

Douglas, Ariz., July 10—General Alvaro O'Bregon, commander of the constitutionalist forces, who Wednesday captured the important city of Guadalajara, Mexico, and took prisoner more than 5,000 federals after three days' battle, prepared today to re-organize his forces with a view to marching on Irapuapo, the junction on the Mexican Central railroad connecting Mexico City, with north and western Mexico.

General O'Bregon last night telegraphed F. S. Elias, border representative of the constitutionalists here, that he routed the federal army of 12,000 men, defending Guadalajara, under General Miel, federal governor-general of state of Jalisco, in a fierce battle, extending over a zone of 65 miles. General O'Bregon said the federals' loss was very heavy, but that his own casualties were small. The federals who escaped are being pursued by the constitutionalists, and General O'Bregon was of the opinion that he would obtain several thousand recruits for his army in the captured city.

He said his own forces numbered 10,000 men.

Agua Prieta, Sonora, Mex., July 10—Unofficial reports of the annihilation of 50 constitutionalist troops by guerillias has been received here. The soldiers were ambushed in a canyon about 60 miles east of here and eight miles south of the border, it was said. Only seven escaped.

Three hundred guerillas of the faction known as "red flaggers" were reported as operating along the new Mexican border.

The movement of constitutionalist troops from interior points toward Agua Prieta continued today. The exact reason of the concentration remained a mystery.

Mexico City, July 10—General Angelo Garcia Pena, who is considered the most likely candidate for head of the prospective provisional government, was placed on the retired list of the army today at his own request.

General Pena recently was in command of the federal forces in Vera Cruz, and was summoned to the Capital by President Huerta, with whom he has had several conferences. Much political significance is attached to his retirement from the army.

## REPORTS ON TRADE BETWEEN CANADA AND UNITED KINGDOM

London, July 10.—Hamilton Wickes, trade commissioner, reports on the trade between the United Kingdom and Canada, as follows: "The position held by the United Kingdom is on the whole encouraging. I am confident that it will improve as conditions relating to distribution in Canada become better understood by the manufacturers."

Commenting upon the natural advantages enjoyed by the United States in trade with Canada it is pointed out in Mr. Wickes' report that they comprise easy and rapid access to the market and the fact that freight rates have not been increased from the chief centers of supply to points of delivery in Canada for several years while sea freights have been considerably increased; also, the United States currency being the same as in Canada. These and similar advantages give the United States an extraordinary advantage over Europe and competitors which result is reflected in the figures given as to trade between the two countries.

**For Criminal Prosecution.**

London, July 10—Criminal prosecution of Sir Thomas Lipton, the chairman, and his co-directors in Lipton, limited, was suggested by Sir Arthur Markham, liberal member, in a question addressed to the attorney-general appearing in yesterday's parliamentary papers.

The question arose out of the recent conviction of nine army officers and eight civilian employees of Lipton, limited, on charges of receiving and giving bribes to influence the allotment of supply contracts for the army canteens.

**Canadians are Elected.**

Winnipeg, July 10.—At the sixth annual synodical meeting of the Canada district of the Joint Evangelical Lutheran synod of Ohio and other states, the Rev. George Gehlke, Winnipeg, was elected president for the ensuing year. Other officers appointed were: Vice-president, Rev. J. Fritz, Regina; secretary, Rev. E. Schipmann; assistant secretary, Rev. A. Fricke; treasurer, Rev. H. W. Kahle, Winnipeg, and chaplain, Rev. F. Burr, Brandon.

Congregations in Manitoba, Saskatchewan and Alberta are well represented at the convention.

**Receiver for Steel Company**

Alton, Ills., July 10—The Alton Steel company, capitalized at $950,000, was placed in the hands of receivers today on the order of Madison county circuit court. The order was issued by Judge Hadley in Chicago where he is spending his vacation and was brought to Alton today by an attorney for the Alton Banking and Trust Company, of the creditors. This bank, with three other banks, holds $200,000 in first mortgage bonds of the company. The steel plant has been closed for a week. Inability to get a fair price for its products is given as the cause of the receivership.

**Sequel to Tragedy.**

Quebec, Que., July 10—The tragedy of Villeroy entered in a new phase last night when Odina Guay, a carter, was shot by an unknown man supposed to be Moraud, the murderer of Alphons Charland. The police are under the impression that Maraud came from Lotbiniere, and fearing arrest, tried to secure the carter's horse. Odina Guay, the victim of the Levis tragedy, died at 1.45 p.m. at the Levis hospital where he had been removed.

# *J. D. Hyndman Named Supreme Court Judge*

Ottawa, Ont., July 10.—Appointments to the supreme court bench of Alberta were made at today's cabinet council. The new judges are: Maitland S. McCarthy, of Calgary; J. D. Hyndman, of Edmonton; and W. C. Ives, of Calgary.

# We Are Now Drilling

## *The Maritime Petroleum Co., Ltd.*

FULLY PAID UP—NON-ASSESSABLE

For a Few Days Shares Will Be Sold at **25c** EACH
PAR VALUE ONE DOLLAR

**Buy Your Shares Now**—For when the drills penetrate a few feet further into the earth these shares will increase very rapidly.

**FACTS—**

Our properties are all on the anticline. Our properties are owned outright by the Company and we do not have to pay any rental to the Government.

We are not working on any leases granted by the Government which may be cancelled at any time if certain conditions are not complied with.

This is a point which should be seriously considered by every person investing in oil shares. On our properties are mud-volcanoes, which show the presence of Gas and Oil.

Vast asphalt deposits are in the near vicinity of our well. The drill is now at work and in a very short time we will know what the under-lying strata consists of.

**WHAT—Investors May Be Sure Of:**

1.—Every dollar received from the public for shares sold will be used for actual drilling, less the amount for cost of selling.

2.—Every person becoming a share holder will always have an interest in the Company and his shares can never be forfeited.

3.—The Company's areas or rights can never be forfeited as they are owned absolutely by the Company.

4.—That the directors of this Company are men of integrity and of well known business acumen and will give every share holder a square deal.

5.—We have an experienced driller and guarantee that none of the Company's money will be mis-spent.

# IMPROVEMENTS IN CECIL TO MAKE IT WORTHY EDMONTON

Entrance Now on Corner of Fourth and Jasper—Interior of Oak.

## CAN SEE DINING ROOM FROM JASPER AVENUE

Policy of Belanger is to Give Patrons Best Service Possible.

Contemporary with the evolution of Edmonton from a mere spot which marked the boundary between civilization and wilderness to that which it is today—the metropolis of a vast, rich empire—come changes in those things which go to make up a city; and one of the most notable instances is furnished by the Cecil hotel.

The Cecil has just been renovated thoroughly, and now occupies its strategic position at the corner of Fourth and Jasper west as a really modern hostelry, with facilities of the best for the pioneer and tourist from the north, of which there are nearly always a goodly number at the Cecil, the traveler representing the commercial life of the nation and the city hotel patron.

The floor of the main lobby is now of hard, beautiful tile instead of wood. The lobby has been made much more commodious and has been rearranged so that the news and cigar stand, which offers a wider variety of reading and smoking requisites than formerly, is located at the southwest corner, between the stairs and the Jasper avenue window.

Where the cigar counter formerly stood a private office is to be installed, this being the only part of the changes which have not already been brought about. From Jasper avenue one can now look north through the lobby and down the length of the spacious and well-patronized dining room; while those in certain parts of the dining room may, vice versa, look out on Jasper.

Perhaps the greatest and most important change, however, has been made in the entrance and the front of the Cecil. Formerly the door which opened on to the street was located on Jasper in front of the stairway, but it is now on the corner, so that it faces practically on both Jasper and Fourth, making it more convenient for both entering and departing.

The new door and window fixtures are of oak and present a good appearance, together with the splendid new electric lights, the lobby chairs and the exceptionally large windows.

An orchestra plays at the dinner hours daily, between 6 and 8 p.m., and it is announced that the policy of the proprietor, C. H. Belanger, and of his expert and courteous staff, will be to give hotel service worthy of the greatness of the new Edmonton. Mr. Belanger, after putting in a strenuous period superintending the changes in his house, motored to Gull lake, and will likely not be back till Monday.

# AMERICAN SETTLERS ARE SATISFIED WITH PEACE RIVER COUNTRY

J. E. George, immigration inspector for Alberta, is authority for the statement that although fewer immigrants are coming into Canada as a whole than for the past few years, there are larger numbers than ever going into the Peace River country. The fact that immigration is lighter this year than usual he does not look to with apprehension, as the United States experienced similar fluctuations during the years that it counted on its population being added to by outside immigration to a great extent. Mr. George states that the settlers in the dominion from the states, particularly those who have gone into the Peace River country, are very well satisfied with conditions as they have found them.

# GROUARD MAKES BIG DEBENTURE ISSUE TO FINISH IMPROVEMENTS

The town of Grouard, which is the gateway to the Peace River country from this direction, because of its unique and strategic location at the western end of the navigable Lesser Slave lake, is issuing debentures amounting to $50,000 to finish this year's improvements program. Several lines of steamers are running to the northern town this summer, some from Sawridge and some from Athabasca, while it is stated that the Canadian Northern is about to start construction on its chartered line from Athabasca northwest to the Peace via the north shore of the lake and Grouard, where they are supposed to have bought a quarter section of school lands for terminal purposes.

# GROUARD FOX DEALER BRINGS COLLECTION FINE ANIMALS HERE

A. E. Hofues, of the fox company of that name, of Grouard, is at the Northern hotel, with 26 beautiful black and silver foxes valued at about $25,000. Mr. Hofues will open a branch of his fox company in the city. The collection which he has with him at the Northern hotel were taken by him in the north and are pronounced by many to be the finest collection seen for many years here.

The English postoffice is said to make $50,000 a year on unredeemed money orders.

Schenectady, N.Y., meters water to all consumers.

# STOCKTAKING SALE

## Saturday the LAST DAY of This Big MONEY SAVING Event Comes CHARGED With Values That Will Make the Whole Store Fairly PULSATE With Shopping Activity

## RED SOX TAKE ANOTHER GAME FROM ESKIMOS

Score Was 4 to 2 With Hewett on the Mound for Edmonton Team.

Regina, July 10.—Faster work on the bases and excellent pinch pitching by Hoyle gave the Red Sox the last game in the Edmonton series last evening. Duncon White's congregation got the jump in the second when a pair of runs were counted but they put their tocks away for the night. The Sox tied up in the third, scored the winning in the fourth and added another in the fifth for good measure. Hewett again went to the mound for the northerners and, barring wildness, showed fair form.

As previously intimated, it was on the paths that the locals showed their greatest superiority, a double steal by Abbott and Stis, on which the former scored, being a feature. On the other hand Rhode and Herriott caught four of the visitors flat-footed off first base. Crum kept up his terrible hitting by banging a pair. Abbott supplied a feature catch of a drive from Williams' bat.

The box score:

Summary—Stolen bases, Abbott, C. Smith, Stis, 3; sacrifice hits, Matt, Harris, Wilde; two-base hits, Abbott; goes on balls, off Hewett, 3; off Rhode, 2; struck out, by Hewett, 5; by Rhode, 4; hit by pitched balls, by Hewett, 2, (J. Smith, C. Smith); left on bases, Regina 8, Edmonton 3; first base on errors, Regina 1. Time of game, 1.58; umpire, Wheeler.

## "MATTY" ALWAYS USING HIS HEAD

When Christy Mathewson is pitching he is the field director of the film of play. It has been said many times, and correctly, too, that Matty has no more on the ball than many other pitchers, but that his head work makes him the master of them all. This is true in more ways than merely pitching to the batters. He watches the base runners closely and when a ball is knocked to the infield it is Matty who shouts instructions to the infielder handling the ball. He has saved many a close game in this way.

### Expensive Players for Boston.

Boston, July 10.—President Lannin of the Boston American league team yesterday announced that he had purchased pitchers Ruth and Shore from the Baltimore club of the International league. Pitcher Egan was also included in the same deal. Mr. Lannin said that the three players represented an outlay of more than $25,000 by the Boston club.

The reason why opals are so often lost from their settings is that they expand with heat more than other precious stones, and consequently force open the gold which holds them in place.

## MAJOR LEAGUE RESULTS

Pittsburg, July 10.—(National) Tincup had the better of a pitching battle with two Pittsburg twirlers yesterday and Philadelphia scored a shut-out, 1 to 0. The only run was cored in the fourth inning, when Paskert tripled and Robert sent a long sacrifice to Kelly. Wagner was the batting star, making three of the five hits allowed by Tincup.

Buffalo, July 10.—(Federal) Russell Ford pitched sterling ball against Pittsburg in the last game of the present series, winning for Buffalo, 2 to 1. Delehanty was the heavy hitter for the home team, getting a three-base hit in the third.

Philadelphia, July 10.—(American) Detroit won both games of yesterday's double-header with Philadelphia, the scores being 8 to 3 and 5 to 3. The visitors knocked Shawkey off the rubber in the first inning of the opening event, while Dovelseki held the home team safe.

In the second game Wyckoff was batted out of the box in three innings and both of the runs made off J. Bush were homers by Dubuc and Crawford.

Chicago, July 10.—(National) Boston made it two straight from Chicago yesterday winning, 3 to 1. James allowed the locals six runs but they were well scattered and he always tightened up in the pinches.

Chicago, July 10.—(Federal) Beck's home run in the eleventh won a 4 to 3 victory for Chicago over Indianapolis yesterday. A batting rally in the eighth tied the score for Chicago after timely batting had given Indianapolis the lead.

St. Louis, July 10—(National)—In the thirteenth inning Snodgrass threw poorly to the plate after catching Beck's short fly and Magee crossed the plate with the run that enabled St. Louis to beat New York 5 to 4.

Cincinnati, July 10 — (National) — Brooklyn made a strong finish and won an exciting game from Cincinnati yesterday 6 to 5. In the early part of the game the visitors could not hit Douglas, but in the seventh they knocked him out of the box, scoring four runs on a base on balls, four singles and an error.

Brooklyn, July 10.—(Federal) Brooklyn made it four straight over Baltimore yesterday, winning, 5 to 2. Single by Hofman, Westerzil and Owens and a stolen base by Gagnier netted two runs in the second inning. Hofman doubled in the fourth and came home on errors by Russell and Swacina. Myers and Shaw single in the eighth and were sent home on a double-header by Evans. Baltimore filled the bases in the ninth and they failed to score.

Washington, July 10.—(American) St. Louis defeated Washington again yesterday, 1 to 0. The visitors scored the winning run in the fourth, when G. Williams reached first on a fielder's choice, stole second and scored on Leary's single off Shaw. Washington had men on third and second bases in several innings, but Hamilton would not allow the necessary hit.

New York, July 10.—(American) New York won the first game of the double-header with Cleveland, 7 to 4, while the second was a 3 to 3 tenning tie, which was called on account of darkness.

New York won the first on wretched fielding by Cleveland. Manager Birmingham fined Graney $25 for a damaging error, which cost the game.

Boston, July 10.—(American) Chicago won its third straight from Boston yesterday, 3 to 2. Errors by Scott and Gardner and a pass and singles by Demmitt and Berger in the third inning gave the White Sox two runs. The winning tally was scored in the seventh on Breton's triple and Cicotte's sacrifice fly.

## GUN CLUB SCORES.

The Greater Edmonton Gun Club held a most successful mid-week shoot at their traps on Wednesday, and good scores were the order of the day. J. Pollard, G. M. Cowderow and A. W. Woodward put themselves in the limelight by making possibles, 25 straight. The complete scores of the shoot will be found below.

On Saturday the regular shoot will not be held at the Greater Edmonton Gun club, but a large turnout of the members are requested to be present at the Merchandise shoot at the traps of the Northern Club Gun club, when in addition to other events, that Greater Edmonton club will endeavor to lift the Martin challenge trophy, in the five man team event, the five highest scores of each club to count. The Greater Edmonton club are desirous of having as large a represeniation at this shoot as possible.

Wednesday's scores follow:

| | Shot at | Broke |
|---|---|---|
| J. Pollard | 50 | 48 |
| D. McAfee | 75 | 64 |
| J. Robertson | 25 | 21 |
| A. Garbe | 25 | 22 |
| G. Pipers | 75 | 61 |
| A. Oliver | 50 | 23 |
| F. Pollard | 50 | 39 |
| C. Stanford | 100 | 83 |
| G. M. Cowderoy | 75 | 72 |
| A. W. Woodward | 75 | 71 |
| J. M. McAfee | 25 | 16 |
| S. Walters | 50 | 37 |
| C. Williams | 50 | 23 |

### Maroons Beaten.

Virginia, Minn., July 10.—Faeth outpitched Rhoades yesterday and the locals won, 4 to 2. In the second inning Swalm reached first on an error, was sacrificed to second and scored off Kurke's single. The locals came back and tied the score in their half.

The score:

Virginia .....010 002 01x—4, 8, 1
Winnipeg .....010 000 100—2, 8, 2

Faeth and Agnew; Rhoades and Kurke.

More than 400 patents have been issued by the United States foro devices intended to harness the power of sea waves.

## COAST LACROSSE OFFICIALS AFTER JOE LALLY'S SCALP

Vancouver, July 10.—Whether the British Columbia Amateur Athletic union is to have authority in amateur affairs in British Columbia or whether Joe Lally will be permitted to say who is amateur and who is professional will be determined on Saturday, July 18, when representatives of the Pacific coast A. L. A. and the B. C. A. U. will meet in Vancouver for the purpose of discussing the action of the Mann cup trustee in the present lacrosse embroglio. A call for the conference has been issued following the announcement that Joe Lally has been called upon to adjudicate upon the protest of the Brampton club.

Vancouver, New Westminster and Victoria lacrosse officials are agreed that the time is opportune to bring matters to a head. They feel that the Cornwall manufacturer has not played the game fair with the coast teams. Last year he made the Vancouver's play two cup series in a fortnight and threatened to bring along other teams although the cup-holders were busy at the time with their league series. This season he precipitated a crisis in amateur sport in connection with the Kendall case and will soon be on the war path on the Brampton protest. The cup-holders will insist on the appointment of a western trustee.

### Concannon Shut-out Bronks.

Moose Jaw, July 10—The Millers took the last game of the series from Calgary 3 to 1 last night when Concannon pitched a masterful article of ball all the way. He allowed but five hits, one of which was a very flukey home run by Reynolds. This robbed the local southpaw of a shut-out and came in the second inning, giving Calgary a lead. Ball failed to hold the lead, however, and was touched for nine safeties before the game concluded.

| Score— | R. | H. | E. |
|---|---|---|---|
| Calgary. | 010 000 000—1 | 5 | 2 |
| Moose Jaw | 001 000 11x—3 | 9 | 0 |

Batteries—Ball and Jones; Concannon and Wally.

## MEDICINE HAT TAKES 4TH GAME FROM QUAKERS

Score Was 4 to 1—Saskatoon Hit the Slide in Crippled Condition.

Saskatoon, July 10—Medicine Hat made it four straight yesterday afternoon when they took the last game of the series, 4 to 1. The crippled Quakers put up a game fight and although they out-hit the winners two errors at short and one at first gave the Hatters a good chance to get a lead. Harper, short-stop for the Quakers, sustained a badly injured knee by being struck with a batted ball. It is not likely that he will be kept out of the game. Kallio was opposed by Lemley and pitched a good game, having the best of the fight. Umpire Colgate did not put in an appearance and Northrup and Lind officiated. Barth's three-base hit with two men on in the sixth backed the game away for the Hatters.

Hurley today released Brown, formerly of the Hatters.

The score:

| | | | |
|---|---|---|---|
| Medicine Hat ..... | 001 002 100—4 | 8 | 2 |
| Saskatoon ..... | 010 000 000—1 | 9 | 3 |

Lemley and Barth; Kallio and Walters.

### Probables Beat Possibles.

The two football teams selected for the purpose of getting a line on the strongest team possible to represent the city against Calgary, met last night on Diamond park, the game resulting in a win for the Probables 2 to 1. The selection committee was on hand to get the proper dope on the players and a strong team will be gathered together for practice for the big event with Calgary.

Last night's teams lined up as follows:

Possibles—Goal, M. Kirton; backs, Kinsman and Whitehead; half backs, McPherson, Sault and Eastham; forwards, Collier, Cuff, Tweedale, Hornsby and Davidson.

Probables—Goal, Stockton; backs, Pratt and McIntosh; half backs, Baker, W. Whitehead and Cowan; forwards, Bradford, Spence, Sonner, Dickie and Jewell.

### Davis Cup Games

Folkestone, Eng., July 10.—The English team yesterday completed the rout of the Belgians in the first preliminary round of the Dwight F. Davis international lawn tennis trophy competition. T. M. Mavrogordato, in the singles beat A. G. Watson in three straight sets, 6-1, 6-0, 6-3, and J. C. Parke defeated P. De Borman, also in three straight sets, 6-4, 6-3 and 6-2.

### Civic Cricket Club.

The Civics and the Strathcona C.C. will meet in a game at the south side grounds on Saturday afternoon. The following players will represent the Civics: Hirst, Pascoe, Wormald, Hodkins, Street, Collier, Mitchell, Poole, Bruce, Solfleet, Gibbs. Reserves, Moreand Chambers.

### S. O. S. vs. W. Edmonton.

The Sons of Scotland will meet the West Edmonton team in an intermediate league game at the old exhibition grounds on Saturday evening. The following team will represent the S.O.S.: Campbell, Martin, Patterson, McDonald, Smellie, Lannie, Butlin, Guthrie, McAndrew, McIhee and Clark.

## WILSON ARMSTRONG WINS WILD'S CUP ROAD RACE IN RECORD TIME

Classy Field of Nine Starters, Eight of Whom Finished—Armstrong Running With 45 Seconds Handicap, Takes Time Prize and First Money—Alec. Decoteau on Scratch.

The winter of the second race of the season for the Wild's cup turned up last evening in Wilson Armstrong of the Y. M. C. A. who, with 45 seconds handicap, finished first and also took the time prize, which was a gentleman's dressing set in leather case. Armstrong also holds the big silverware until after the next race.

There was a classy field of starters, nine in all, eight of whom finished. Decoteau and Palmer started from scratch, although if Palmer had accepted the 25 seconds handicap given him over Decoteau, a more exciting finish between these two runners might have been witnessed, as Alec just beat the ex-Calgary boy by 25 seconds.

C. V. Schroeter finished second and ran a great race although all-in at the finish. Schroeter improves with every race, is a young man at the game, and won the first race this season. He started from 2:30 min. handicap. W. E. Bailey who landed in third place, is an ex-Montreal and New York runner and showed well.

He was two minutes handicap. Alec Decoteau finished fourth in fast time, of its kind ever held in the province.

| Order of Finish. | Time. | Corrected Time. | Handicap. |
|---|---|---|---|
| 1. Armstrong | 29.30 | 27.21 | 45 secs. |
| 2. Schroeter | 29.47½ | 29.17 1-5 | 2.30 secs. |
| 3. Bailey | 29.48½ | 28.48 1-5 | 2.00 secs. |
| 4. Decoteau | 31.45 1-5 | 28.45 1-5 | Scratch |
| 5. Palmer | 32.10 2-5 | 29.10 2-5 | Scratch |
| 6. Beauchamp | 33.20 1-5 | 33.20 1-5 | 3.00 secs. |
| 7. Stewart | 34.01 | 32.01 | 1.00 secs. |
| 8. Mildon | 34.13 | 33.13 | 2.00 secs. |

Also ran—Blyth.

after starting from scratch with Palmer, who followed Alec to the tape.

J. Beauchamp who was the limit man with three minutes, finished sixth, with Charlie Stuart and James Mildon taking seventh and eighth places. Stuart did not show up as was expected by his friends and followers owing to his foot going bad on him, and Charlie finished with a limp. Mildon the last man in apparently was not in best of shape for the long grind and had two minutes on the scratch man. Mildon won the Wild's cup race last year in one of the races.

Armstrong's win came somewhat as a surprise, as his latest effort at Medicine Hat championships on July 1 was over 31 minutes, and was his first five mile race for several months. He finished fresh and fast last night and earned a well deserved victory. The next Wild's cup race will be held in August over the same course.

Five-milers are reminded to keep in shape for the Capital five mile road race on Thanksgiving day, which this year is going to be the greatest event of its kind ever held in the province.

### Compete at Calgary.

Stuart, Pierce, Logan Blades and Wilson Armstrong, all Edmonton Y.M.C.A. athletes, leave today for Calgary to compete in the July 12th sports in that city. With Pierce and Blades in the sprints and jumps and Armstrong after the distance runs, the Edmonton athletes stand a fair chance to bring back much of the prize money from the oil city.

### The Amateurs' Line-up.

The Amateurs will play North Edmonton an important City Cricket league fixture on the 24th street grounds on Saturday afternoon. The following team will represent the Amateurs: F. Parker, (Capt.), W. Dixon, A. E. Parker, C. S. Parker, S. Jennings, L. Parker, E. Buckingham, R. Parker, J. Buckingham, P. Pyle, J. A. Ferraton and W. D. Turner.

## FOR SALE—REAL ESTATE

LOT INSIDE ONE MILE CIRCLE, WATER and sewer, will trade for clear title ¼ Sec. Apply A. A. Howard, 31 Dominion Banuk Bldg. Phone 6224.

## FARMS FOR SALE

320 ACRES, 60 IN CROP, 18 MILES from Edmonton, close to P.O. and school; good house and buildings, $20 an acre. Apply Box 45 Daily Capital. S-PT

WIDOW HAS ¼ SECTION 4 MILES from Grassy Lake. S.E. ¼ Section 36-10-13. First class land. Farms adjoining held at $20. Will discount this liberally for cash. Address R. W. Mapps, Ripon, Wis. S-PR

SECTION 21-49-11-4—11 MILES FROM Innisfree on the C.N.R., and 18 miles from Viking on the Grand Trunk Pacific. The Lloydminster-Revelstoke line of the C.P.R. will give a town much nearer than either of these. This land is on the shore of Lake Alice, a deep and pretty body of water giving this property a mile of lake front. The lake cuts into the section, leaving 394 acres of the possible 640. The entire 394 acres lays in a body, is all fenced and cross-fenced, has 110 acres broken, no waste land, level, high and dry, no stones, one and one-half miles from school, and has a strong flow of water both summer and winter from a living spring. Price $14.50 per acre. An important consideration is the fact that it is possible to secure a homestead within five miles of this land, thus making it possible to prove up on 160 acres free of cost without occupying other than the farm above listed. P. M. Benzanson, Room 18 Benson Blk. Phone 1221. Alberta Homeseekers' Inv. Co. S-C

I HAVE ½ SECTION FARM LAND 60 miles from city, well improved, will trade for equity in house in Edmonton. Apply A. A. Howard, 31 Dominion Bank Bldg. Phone 6224.

FOR SALE—SPECIAL BARGAIN IN LAND Have ¼ section of land 3 miles from Holden, description, S.E. ¼ 19-50-15-4. First class land, purchased under direction of land inspector; lands adjacent held at $16.00 per acre. Will sell at discount from above price. Dr. J. May, 4318 Gilbert St., Oakland, Cal. R-M

NOTICE—WILL TRADE TITLED FARM land city property for an automobile. We have clients for farm lands and solicit your listings. We want listings of Prince George property. Dagg & McNeely, 764 First street. Phone 6505. M-C

FARM FOR SALE—240 ACRES, 75 acres under cultivation, large pasture, all wire fenced; there is a large dwelling house, a frame stable and two granaries, good well; (farm is 2½ miles from city boundary); location unsurpassed. Hampstead, London, Eng.

## News of the Markets

### Winnipeg Grain.

Winnipeg, July 10—Winnipeg wheat opened ¼ down for July, ⅛ for October and unchanged for December; oats, ⅛ up; flax ⅛ to ¼ up. The market had a break of ¼ at the opening and during the first hour was weak in some measure due to weakness at Liverpool and to the United States government report being looked upon as bearish. Persistent and more trustworthy reports of black rust are being received from the United States spring country and weather caused uneasiness in some sections of the Canadian west. On the whole, the spring wheat crops have gone back some since the material for the government reporto was gathered. Oats and flax were both stronger and a little improvement in demand would cause sharp advance. Exporters were good buyers of October and July options all morning and there was a good cash demand for 1 and 2 northern. The demand for oats dull; barley, good and flax quiet.

Weather map shows dry and warm weather generally.

Deliveries through the clearing house were: Wheat, 32,000; oats, 50,000; flax, 77,000.

Receipts, 256 cars inspected, 950 in sight.

Cables closed ⅝ to ¾ lower; Paris, ⅛ to ⅝ lower⅛ Budapest, ⅝ up, and Antwerp ⅝ lower.

### Winnipeg Listed Stocks.

### Chicago Grain

Chicago, July 10.—Corn took the lead yesterday both in activity and strength. Drought damage as well as the bullish construction placed on the government report prepared the way for a decided bulge. The market closed strong, ⅝ to 1¼ above last night. In wheat the outcome was unchanged to ⅛ to ¼ lower and for oats a gain of ⅛ and ¼ to ⅜.

There was a rush to buy corn. The fact that the government estimate of the yield for this season proved to be much under what the trade in general had been led to expect was the origin of the stampede. Then came damage reports from southern Illinois and other parts of the Ohio valley, from northern Texas and from Oklahoma. Despatches showing an excellent cash demand in virtually all markets caused bullish sentiment to become more rampant.

### Chicago Cattle.

Chicago, July 10.—Cattle: Receipts, 3,000. Market strong. Beeves, 7.60 to 9.75; Texas steers, 6.40 to 8.30; stockers and feeders, 5.75 to 8.00; cows and heifers, 3.75 to 9.00; calves, 7.50 to 10.00.

Hogs, receipts, 17,000. Market strong. Light, 8.40 to 8.82½; mixed, 8.35 to 8.85; heavy, 8.15 to 8.85; rough, 8.15 to 8.25; pigs, 7.60 to 8.60; bulk of sales, 8.50 to 8.80.

Sheep — Receipts 16,000, market steady. Native, 5.35 to 6.15; yearlings, 6.00 to 7.50. Lambs, native, 6.50 to 9.35.

### Toronto Cattle.

Toronto, July 10.—Receipts of live stock at the union yards yesterday were 320 cattle, 106 calves, 2,233 hogs and 554 sheep and lambs.

Trade was decidedly draggy yesterday and prices were anything but firm, except for the very choice offerings. A baby yearling steer, very choice, sold at 9c, but this was the one exception to a very dull and draggy market. The commoner and some even fair medium butcher cattle showed a weaker tone, and prices in many cases were off 10c to 15c from the mid-week prices.

Cows are evidently not wanted and are off about 75 cents since the beginning of the week.

Stockers are showing a little steadier. Milch cows and svringers were lower yesterday. Lambs very weak and off 1 to 2 dollars since last week.

Sheep easier and hogs steady to firm.

Cattle—Choice butcher, 8.25 to 8.65; medium, 7.85 to 8.00; common, 6.50 to 7.25; butcher cows, choice, 6.25 to 7.00; medium cows, 6.00 to 6.10; common, 4.50 to 5.50. Butcher bulls, choice, 7.00 to 7.25; rough bulls, 4.00 to 4.50; feeders, 900 pounds, 7.25 to 7.40; short keep, 1,100 pounds, 7.40 to 7.60; stockers, 650 to 800 pounds, 6.75 to 7.25; medium, 6.25 to 6.50; light, 6.25 to 6.50; canners and cutters, 2.50 to 4.00; milkers, each each $55 to $75; springers, $60 to $75.

Light ewes, 4.50 to 6.25; heavy, 3.50 to 4.00; bucks, 3.50 to 4.00.

Hogs—Fed and watered, 8.40; f.o.b., 7.90 to 8.00; off cars, 8.65.

Spring lambs, 9.00 to 9.25; yearling sheep, 7.50 to 8.00.

Calves, 6.00 to 10.75.

### Toronto Stocks

Toronto, July 10.—There was a good deal of depression in Brazilian yesterday and it went to 74⅞, a new low record. Weakness in London caused some uneasiness and a number of weakly margined accounts were liquidated. Dealings in this issue were much larger than of late, amounting to 1,332 shares. The stock at present figures would net investor 86 per cent, but this is only rumor. Barcelona went to the low figure of yesterday, 19, and closed at that, or a net of ½ for the day. C. P. R. also was weaker in sympathy with London and New York. It sold ¼ at 193¼ to 193 and closed in New York at 193⅜.

### Montreal Produce.

Montreal, July 10—An easier feeling has developed in the butter market and prices are ¼c per pound lower, with prospects that they will go still lower owing to the continued limited demand from outside sources. There is also an easier feeling in the cheese market as only a fair trade is doing over the cable. Eggs are fairly active and steady.

Cheese—Finest westerns, 13 and 13 ⅜; easterns, 12½ and 12⅝.

Butter—Choicest creamery, 23½ and 24¼; seconds, 22¾ and 23.

Eggs—Fresh, 22 and 23; selected, 26 and 27; 1 stock, 23; 2 stock, 20 and 21.

Pork—Heavy Canada short mess, barrels, 35 to 45 pieces, 29; short cut backs, barrels, 45 to 55 pieces, 28½.

### Montreal Stocks

Montreal, July 10.—Fluctuations in stocks were more irregular yesterday, but the market maintained a good tone and the close showed more gains than losses. A continuance of the somewhat heavy tone of C. P. R. and further weakness in Brazilia in view of the market influence of these stocks, were not favorable to any uplift in the general level of prices. Tram Power was also reactionary, overnight developments at the city hall creating a weaker feeling. Dealings in the stock were still on a large scale, upwards of 4,700 shares, and under selling the price fell to 48¼, compared with the high of 52 touched Wednesday. A good demand came on in the reaction and after rallying to 50 by noon there was further weakness in Brazilian in view of the market influence of these stocks, were not favors to any uplift in the general level of prices. Tram Power was also reactionary, overnight developments at the city hall creating a weaker feeling. Dealings in the stock were still on a large scale, upwards of 4,700 shares, and under selling the price fell to 48¼, compared with the high of 52 touched Wednesday. A good demand came on in the reaction and after rallying to 50 by noon there was further improvement of ¾ in the afternoon. The price worked off in final transactions 49½ and closed there, one point lower on the day.

### New York Stocks

New York, July 10.—Securities of recognized merit were again clearly disposed yesterday to break away from the depressing records by the Gould issues, Rock Island collateral bonds and New Haven and Chespeake and Ohio shares were without much effect upon the seasoned dividend and investment shares.

The decline in the Goulds was still without definite explanation, but New Haven's latest differences with the department of justice arising from the Boston and Maine situation and a ruling adverse to Chesapeake and Ohio by the Interstate Commerce commission, were the immediate causes affecting those securities.

### New York Metals.

New York, July 10.—Copper quiet; spot and September, 13.70 to 13.80; electrolytic, 13.87; lake nominal, castings, 13.62. London easy; spot £61 10s. futures £62.

Tin strong; spot 32.50 to 32.75; September, 32.75 to 32.85; London firm; spot, £147 7s. 6d.; futures, £148 12s. 6d.

Lead quiet, 3.85 to 3.95. London, £19 10s.

Spelter steady, 8.95 to 9.05; London, £12 10s.

Iron quiet and unchanged. Cleveland warrants in London, 51s. 4½d.

Bar silver, 56⅛.

Congo has 5,465 white inhabitants.

### LOCAL MARKETS.

# A TRIP TO PANAMA

THE CAPITAL wants every one of its readers to take a trip to the GREAT PANAMA CANAL and see the wonders of this mighty achievement. You say you can't spare the time. All right, then we'll bring the Canal TO YOU—all in one BIG volume, filled with PICTURES of ACTUAL SCENES never before published, described in words that hold you spellbound. Read on, and learn how you may get this magnificent book—this complete story of Panama in picture and prose—

Not merely a picture book, but an educational work of rare interest to every member of the home.

## FOR $1.20 ONLY

Art plates reproduced from water-color studies abound throughout the entire magnificent volume.

Every progressive man, woman and child is eager to know all about the Panama Canal and the remarkable country through which it passes. Realizing this fact several hundred newspapers have arranged to take an enormous advance edition of the most elaborate and complete illustrated history of PANAMA AND THE CANAL, published by the Syndicate Publishing Co., of New York City.

This company is eminently fitted to issue such a work at a minimum cost. It has heretofore supplied through daily newspapers millions of high-class diction aries and other books.

THE CAPITAL is the one paper in this section through which PANAMA AND THE CANAL IN PICTURE AND PROSE can be had. The plan outlined below tells you how to get this only complete Panama Book ALMOST FREE.

The large volume is twice the size of an ordinary novel; it is a most handsome book, stamped in gold, with beautiful color panel on front cover, showing the famous Culebra Cut; it contains 450 large pages filled with interesting information of rare educational value to every reader. The illustrations are modern works of art, covering every important scene in the Canal Zone; they include 16 water-color plates with more than 600 photographic studies.

## Presentation By The EDMONTON CAPITAL

Willis J. Abbot, the versatile writer on international subjects and author of many books of history and travel, spent months in Panama and the Canal Zone in the preparation of this volume. He collected at first hands the complete history of the great Canal, with a wealth of historical data concerning Panama which has never before been written. The result is a human interest story of this beautiful land and its people from the early days when Columbus tried to find a natural waterway from the Atlantic to the Pacific, down to the present time.

Special staff photographers made the hundreds of beautiful views which illustrate practically every page of this exhaustive book.

The well-known artist, E. J. Read, made the sixteen sumptuous water-color studies which are reproduced by the latest color processes on specially made paper.

The Panama Canal, the greatest engineering achievement of the world's history, cost more than

**$400,000,000**

It links the two greatest oceans, and becomes the most important factor in peace and war. So where is the red-blooded inhabitant of this globe that does not feel vitally interested in it? Truly it is the wonder of this progressive age!

## PANAMA and the CANAL in PICTURE and PROSE

The Most Unusual Canal Scenes Described in Word Pictures That Fill You with Astonishment at the Wonders of this Great Undertaking

The greatly reduced illustration printed below shows less than half the size of the large illustrated volume

It tells you of the people of Panama and the Zone—their dress, their homes, their work and pastimes.
